PREFACE

Under Article 171 of the Constitution of Islamic Republic of Pakistan, 1973 read with Rules 177 and 203 of Rules of Procedure and Conduct of Business in the National Assembly 2007, the Annual Report of the Auditor General of Pakistan relating to the Accounts of the Federation for the year AA 2008-09 & AR 2009-10 was referred to the Public Accounts Committee for examining the appropriation of the sums granted by the Assembly for the expenditure of the Government to ensure transparency through parliamentary oversight.

In view of the backlog of Audit Reports, the PAC had taken initiative to constitute sub-committees with the distribution of work on yearly basis. The sub-committee-III headed by Sardar Ashiq Hussain Gopang, MNA was allocated the AA 2008-09 & AR 2009-10 for discussion. The Committee had extensive meaningful meetings on the Audit Report where cooperation of Audit and the Ministries/Divisions paved the way for the committee to complete this hard task by submitting its draft report to the Public Accounts Committee, (PAC).

The accomplishment of this exercise is outcome of sincerity, hard work and enthusiasm of the Hon. Members of the Public Accounts Committee. They under the zealous support of the Hon. Chairman were able to complete the assignment. During whole of the exercise, Syed Khursheed Ahmed Shah, Chairman, Public Accounts Committee remained key strength, who provided motivation to the PAC Wing to channelize its working into the right direction.

The drafting, preparation and printing of this Report has been made possible due to the extensive cooperation and hard work of the officers/staff of the Public Accounts Committee Wing of the National Assembly.

I am confidence that the suggestions and recommendations of the Committee would encourage and assist the Government in strengthening up the system and procedure for the efficient financial management and transparency.

INTRODUCTION

Parliamentary control over public finance in Pakistan is exercised in two stages: the 'proposals stage' and the 'results stage'. At the first stage, the Government comes forth with a Budget proposal for the National Assembly's approval. The Government must get the financial nod of the Public representatives to give effect to its policies and programmes. The second stage relates to the control over the expenditure of public money. This is the stage where the PAC comes into action when it examines the accounts of the Federal Government compiled by the Controller General of Accounts (CGA) and the Audit Reports thereof by the Auditor General of Pakistan. This process assigns responsibility to the public representatives to keep a check on public expenditure. Under Article 171 of the Constitution of the Islamic Republic of Pakistan, the Auditor General of Pakistan submits Annual Reports to the President who causes them to be laid before the National Assembly and Senate. For a detailed scrutiny, these reports are referred to the Public Accounts Committee.

- 1.1 The present 14th Public Accounts Committee was constituted on 21st August 2013 which was consisting of twenty three (23) members of the National Assembly which later on expanded to 29 members after the addition of 6 senators and the Minister for Finance and Revenue as ex-officio member.
- 1.2 Syed Khursheed Ahmed Shah, MNA was unanimously elected as the Chairman of Public Accounts Committee on 11th December 2013.
- 1.3 Audit plays an important and primary role in promoting and strengthening the legislative oversight to enhance transparency and improve the efficiency and effectiveness of all Government activities. Audit follow-up is an integral part of good financial management of public funds, and is a shared responsibility of executive management officials and the auditors.
- 1.4 It is a precedent that grants of the Appropriations Accounts and the Audit paras of the Audit Reports are initially examined by the Departmental Accounts Committee (DAC) which is always comprised of the Principal Accounting Officer as its Chairman and the D.G Audit, the Financial Advisor/Deputy Financial Advisor and the Chief Finance and Accounts Officer of concerned Ministry/Division as its Members. As per previous practice in this case as well all the issues were discussed at the DAC level and the paras which could not be finalized at the DAC level were presented to the PAC for examination. The Parliamentarians representing different parties exercised their necessary role in the Parliamentary oversight of public money during the meetings of PAC.

3. **PARA NO.2.1 PAGE NO.13-14 AR (PPO 2009-10)**
FRAUDULENT PAYMENT TO MILITARY PENSIONERS FOR RS. 32.390
MILLION

The Audit pointed out that according to Article 24 of PT&T Initial Account Code, Vol-I and Serial No.7 of Appendix-2 to GFR Vol-I, loss and fraud cases are required to be reported to audit office immediately on occurrence. In all such cases, departmental proceedings should be instituted at the earliest against all the delinquents even against a government servant being prosecuted in a criminal court. Moreover, Para 238(5) of Post Office Manual Vol-VIII prescribes that the inspecting officer will not be relieved of his responsibility for contributing to the commission of any fraud or defalcation of government money which has remained undetected during inspection by him. Audit unearthed a fraud in GPO Sialkot where numerous fraudulent transactions of Rs. 32,390,266 were made by officials of GPO through fake payments of arrears and bogus entries in the deposits of Post Saving Bank accounts of military pensioners. Further, entries of payments of Rs. 66,780,674 were found deleted from the computerized record (PSB-II and computerized ledgers) which destroyed the evidence. Thus, there was a failure of supervisory controls and the inspecting officers who carried out periodical inspections but could not detect the fraud.

The PAO replied that following the recommendations of the DAC dated 17 October 2016 a Committee comprising of one member from Ministry of Communications, one member from Postal and one IT expert has been

UNDUE BENEFIT TO THE CONTRACTOR RS. 509.684 MILLION

Audit pointed out that as per Special Provision 12.3, the rock shall consist of excavated material that in the opinion of the Engineer requires drilling and blasting with explosives for its removal. The classification of rock was carried out per kilometer instead of successive cross sections, thus classifying 50.67% of the excavated material as rock in the absence of any 'check request' for excavation of rock by blasting. In the PC-I approved by ECNEC in February, 2005 the provision for excavation of rock was 15%.

The PAO apprised the Committee that classification for roadway excavation was done on the basis of per Kilometer as against the provision of excavation at 15% as provided in the PC-I approved by ECNEC in 2005.

Audit pointed out that sustainability is an integral part of operational performance. Sustainability of the project depends mainly upon the sufficient flow of financial resources, both during implementation and operation. The position of funds depicted that full funds were never provided in accordance with planned phasing, which alongwith other reasons delayed the project for seventeen years.

The PAO apprised the Committee that we are consistently improving our low rate of toll, and we have submitted the toll collections statement to Audit.

PAC DIRECTIVE

The PAC recommended the para for settlement on the recommendations of Audit.

23. i. **PARA NO. 4.1.1 PAGE NO. 79 AUDIT REPORT 2009-10**

Provided that where the authority originally competent to accept a tender/quotation is National Highway Executive Board, the next authority shall be National Highway Council (NHC).

IRREGULAR AWARD OF WORK – RS. 6,152.20 MILLION

Audit pointed out that para10 of Chapter-3 of NHA Code 2005 provides that prior approval of the next higher authority shall be required where, the lowest bid received exceeds by more than 10% of the approved cost of the work. 24. **PARA NO. 4.2.1 PAGE 80-81 AUDIT REPORT 2009-10**
OVERPAYMENT DUE TO PAYMENT AT HIGHER RATES – RS. 3,661.9
MILLION

Audit pointed out that clause 52.2 of standard contract agreement provides that no change in the unit rates or prices quoted for any item contained in the contract shall be considered unless such item individually accounts for an amount of more than 2% of the sum named in the letter of acceptance, and the actual quantity of work executed under the item exceeds or falls short of the quantity set out in the BOQ by more than 30%.

AUDIT COMMENTS:-

- i. Re-Rating was allowed without increase in the quantities of the items of work in violation of clause 52.2 of the contract agreement which provides change in unit rates in case of rise or fall in the quantity set out in the BOQ by more than 30%.
- ii. The contractor was provided double benefit firstly through re-rating and secondly by revising factor-C outside the contract agreement.
- iii. M/s FWO was selected on single source basis for this project being fully capable to undertake the work under the bad security situation of Lyari area but the contractor failed to complete the work despite preferred allotment of work.
- iv. The City District Government Karachi also failed to get the balance area of 945 m cleared from the possession of encroachers. Hence the effect of re-

rating and payment of escalation seems an extra burden on the public exchequer.

- v. Re-rating was allowed for Rs.1280.687 million in addition to claim for additional overheads of Rs.667.994 million which is quite un-justified.
- vi. It is further added that the re-rating of the item 'earthen embankment from the reinforced earth and retaining walls' for Rs. 2474.844 million has not been discussed/addressed given in the PC-I, as there was no change in the area of the site/ROW. The cost of single item 'earthen embankment from the reinforced earth and retaining walls' is about 24.05% of revised approved cost of Rs. 11521.00 million, which needs to be justified also.
- vii. Under VO# 9, an increase of 28% on the Non-CSR items were allowed on re-rated items despite the fact that re-rated items were analyzed on current market rate and escalation plus overhead on the same was allowed also which is un-justified.
- viii. There is no concept of provisional extension in the NHA code and grant of provisional extensions in violation of Paras 108-110, Chapter III of NHA Code by the Members with higher cost effect of Rs. 6.0 million & Rs. 7.5 million per month as against the initial extensions granted by Executive Board for Rs. 5.0 million per month were not justified.
- ix. Retention of consultant M/s RECO without site possession for an extraordinary payment of Rs.450.133 million (up to variation order # 10) without any work done was also questionable.
- x. PAC may like to direct the PAO to finalize the revised-inquiry in light of the above referred facts within given time frame.

The PAO apprised the Committee that the project was started in 2002 and delayed due to non-handing over of the site and the contractor did not agree to do the work in 2006 on the rates of 2002. The PAO further replied that the employer failed to hand over complete site as per agreed schedule even on the expiry of the extended period i.e 8th January, 2006.

PAC DIRECTIVE

The PAC directed the PAO to get finalized the inquiry in the light of above mentioned ten audit comments and submit report to PAC/Audit within one month.

iii. **PARA NO. 4.2.4.1 PAGE 85 AUDIT REPORT 2009-10

PAC DIRECTIVE

The PAC pended the para with the direction to the PAO to get verified all the record from Audit under report to PAC.

PAC DIRECTIVE

The Committee directed the PAO to take up the matter with NAB to pursue the process of these cases and the Committee be informed about the progress of the cases by the DG NAB within one month.

<u>Project Name</u>	<u>Amount</u>	<u>Reason</u>
Sialkot Business & Commerce Centre	- 50,000,000	Fund of Rs.50.00 million was released in March, 2009 which considerably delayed the tendering process of civil works.

PAKISTAN STEEL MILLS CORPORATION (PVT.) LIMITED

39. **PARA-98.1, (ARPSE-2009-10), PAGE-146**
WORKING RESULTS

Audit pointed out that there are two (02) paras (i.e. 98.1, 98.2) which pertain to working results of PSM. PSM has incurred huge losses i.e. Rs 26.526 billion during 2009-10 subsequently losses have been accumulated and stood at Rs 31.734 billion as on June 2013. The working results of the Corporation decreased had decreased.

PAO replied that It was fully explained that the initial plan of 91% production was gradually lowered at 75% due to economic recession and that actual procurement of iron ore was much less than initial plan due to 'Credit Scheme' (which continued from October to December 2008) introduced by the management led to financial crunch hence those who initiated the Scheme must be held accountable these the investigations of the 10 cases have been finalized by the NAB Authorities and references thereof filled in the Accountability Court. Moreover, 05 enquiries are under process with NAB.

PAC DIRECTIVE

The PAC pended this para with direction that Chairman NAB will attend next the meeting in person and to explain; why the NAB's performance is not satisfactory.

40. **PARA-99, (ARPSE-2009-10), PAGE-149**
IRREGULAR UTILIZATION OF EMPLOYEES' FUNDS – RS 7.514 BILLION

Audit pointed out that under Section-3 of the Pakistan Steel Mills (PSM) Employees Provident Fund Regulations 1971 provides that the object of the Fund is to accumulate for the benefit of the staff of the Corporation, who have joined the Fund contributing certain sums as a future provision for them and for their families. PSM utilized a sum of Rs 7.514 billion from Employees' Funds at a mark-up of 14-19% (Rs.89.560 million) during the first six months of financial year 2008-09 as a loan. The amount was withdrawn from the Fund from September 3, 2008. The withdrawal continued till December 22, 2008 despite the

Board of Directors (BoD) directives on November 26, 2008 to immediately re-deposit the already withdrawn amount.

PAO replied that in pursuance to PAC's last directives, the MOI&P has constituted a two members Inquiry Committee to probe into the matter vide letter dated 11.04.2014. In this regards, necessary information / documents have been provided to MOI&P on 02.05.2014. Investigation Report has been received from the MOI&P. The recommendations of the committee have been followed. Further, he stated that a Restructuring Plan of PSM has been approved by the ECC in its meeting held on 25th April, 2014. As per approved plan, an amount of Rs.500 million in respect of Provident Fund will be released shortly. The liability will be cleared, accordingly.

PAC DIRECTIVE

The PAC pended this para till the payment of gratuity to PSM's employs and directed to Government of Pakistan to supply gratuity amount on priority basis to PSM, further, directed to CEO, PSM the same practice may not be repeated again.

SALE OF STEEL PRODUCTS BELOW COST – RS 7.151 BILLION

Audit pointed out that a matter of prudent business practice, the manufacturing cost of main products needs to be controlled to earn reasonable profit margin to ensure sustainability of the Organization. Pakistan Steel Mills (PSM) sold a quantity of 345,651 M/Tons of its main products during the period July 2008 to January 2009 at a total sale price of Rs 18.188 billion, while the cost of sales of the same was Rs 25.339 billion. Thus, PSM sustained a loss of Rs 7.151 billion on sales of products below cost.

PAO replied that the matter has been internally investigated by the committee. The committee in its report has observed. The investigations of the 10 cases have been finalized by the NAB Authorities and references thereof filled in the Accountability Court. Moreover, 05 enquiries are under process with NAB.

42. **PARA-106, (ARPSE-2009-10), PAGE-159**
ALLOTMENT OF LAND BELOW MARKET VALUE- RS.509.460 MILLION

Audit pointed out as per valuation report dated March 30, 2005 carried out by Pakistan Steel Mills (PSM) through an evaluator, the value of PSM's undeveloped land was Rs 3.000 to Rs 3.500 million per acre. Accordingly the value per sq. yard came to Rs.723 on the basis of one acre = 4,840 sq. yards. A Memorandum of Understanding (MoU) was signed between Government of Pakistan (GOP) and Al-Tuwairqi Group of Companies (ATG), Saudi Arabia on May 6, 2004 for setting up a steel-manufacturing unit in the vicinity of PSM. Clause-3 of the MoU required PSM to provide its 219 acres land to ATG @ Rs.245 per sq. yard. PSM's Board of Directors in its meeting held on June 19, 2004 approved the allotment of 219 acres of undeveloped land. A joint survey was carried out on January 1, 2005 to ascertain the exact area for payment. An area of 220.210 acres (1,065,816 sq. yards) was allotted to Tuwairqi Steel Mills adjacent to PSM. The lease deed for 60 years was executed on February 28, 2005 on payment of Rs 261.125 million @ Rs.245 per sq. yard. The possession of land was taken over by the Company in March 2005. It is worth mentioning here that the rate of Rs.245 per sq. yard was fixed on the ground that "the land is not leveled, undeveloped and not in a downstream industrial estate, and consequently significant civil works would be required to be undertaken within a short period of time by the Project Company". Thus the Company was given land at a much lower rate in contravention of the evaluated price of Rs.723 per sq yard. Resultantly PSM sustained loss of Rs 509.460 million (Rs.723 – Rs.245 = Rs.478 x 1,065,816 sq. yards = Rs 509.460 million).

PAO replied that at Down Stream Industrial Estate (DSIE), developed plots with the following facilities were being offered to the Industrialists who desired to establish their industries in the area based on Pakistan Steel's products/by products i.e. Road Network, Water Supply, Domestic Sewerage, Industrial Sewerage, out fall Drain. The terms of the allotment of the plot in the DSIE were as under:

Lease Period	60 years
Lease Money / Occupancy charges	Rs.550/- per sq yd
Ground Rent	Rs.2.50/- sq yd per year.
Maintenance Charges	Rs.5.00 sq yd per year.

The land offered to M/s ATGC was undulated and huge volume of earth cutting/filling and leveling (Av.10 height)=9,53,96,400 cft, was involved and its cost @ Rs.3.00 per cft would be about Rs.286.19 million (Rs.270.00 per sq. yd). Whereas, cost on other development works i.e. roads, water supply, industrial

sewerage/domestic sewerage and storm water drains etc would be about Rs.300 per sq yd. Thus, total cost on development of said land to bring it at par with the developed plots at Down Stream Industrial Estate would be about Rs.570 million per sq yd. Whereas, it was decided to execute lease deed @ Rs.245/- per sq. yard on the agreed terms & condition by both the parties. It may further re-iterated that (i)The rate of Rs.723 per square yard was evaluated for the purpose of privatization of Pakistan Steel in March 2005 whereas the land offered to M/s Tawaraqui was un-developed and undulated, the price of Rs.245/- per square yard was fixed/finalized in June 2004. (ii)The, land offered to M/s Tawaraqui was not of part of Down Steam Industrial Estate (DSIE). Hence, in view of position explained above, the rate of Rs.245/- per square yard is not comparable with the rate of Rs.723 per square yard.

PAC DIRECTIVE

The PAC settled this para.

43. **PARA-107, (ARPSE-2009-10), PAGE-161**
NON-FORFEITURE OF SECURITY DEPOSIT OF DEFAULTING DEALERS
AGAINST NON-LIFTING OF ALLOCATED QUANTITY – RS. 23.920 MILLION

Audit pointed out that under Clause-5 of “Standard Terms and Conditions of Sales Contract” in Pakistan Steel Mills (PSM) provides that: “The material shall be offered to buyers in parts or full as and when received from Production Department. The Notice of Readiness (NoR) will be served through telex/fax/courier or through personal contract to obtain Delivery Order (D.O.) within Seven (07) working days from the date of issuance of the notice and to lift the material within Seven (07) working days from the issuance of the D.O. failing which the seller reserves the right to forfeit security amount in full or prorata to the quantities remained un-lifted.”

Contrary to the above, PSM issued NoRs during the period July 2008 to February 2009 for a total quantity of 1,296,298.000 M/Tons of different products, out of which No Rs. of 389,943.000 M/Tons (30% approx.) of different products were expired. The dealers failed to lift the full quantity of quota allocated to them. The expiry of NoRs indicated that allocations were made by the management in excess of requirement of the defaulting dealers, thus depriving the genuine buyers. Moreover, the position of NoRs was required to be up-dated on daily basis on PSM Website to bring transparency; however, the website was kept suspended during the intervening period w.e.f. November 17, 2008 to February 10, 2009. The management did not take any action as per contractual terms against the defaulting dealers by depriving the PSM of its right of forfeiture of security on prorata basis amounting to Rs. 23.920 million (approx).

PAO replied that The Price Fixation Committee after considering the recommendation and also to safeguard the interest of Pakistan Steel products

has amended the clause a (vi) which earlier read that the material shall be offered to Buyers in parts or full as and when received from Production Department. The notice of readiness (NOR) will be served through telex/fax/courier or through personal contact to obtain Delivery Order within seven (07) working days from the date of issuance of the notice and to lift the material within seven (07) working days from the issuance of the D.O failing which the seller reserves the right to deduct the quantities from the contract remained un-lifted. The same has been amended as the material shall be offered to Buyers in parts or full as and when received from Production Department. The notice of readiness (NOR) will be served through telex/fax/courier or through personal contact to obtain Delivery Order within seven (07) working days from the date of issuance of NOR and to lift the material within seven (07) working days from the issuance of the D.O. The total quantity of the D.O.s obtained and the un-lifted/expired NOR's will be deducted from the contract and it will be deemed to be completed with $\pm 10\%$ option as per clause a (ii) of the total contractual quantities. The same has been included in the new "Selling Arrangement for Pakistan Steel products."

IRREGULAR SHARING OF DUTY / TAXES LEVIED BY A FOREIGN GOVERNMENT - US\$ 2.130 MILLION (RS. 181.142 MILLION)

Audit pointed out that under Clause 16; 'Taxes' of a contract agreement dated July 2, 2003 between Pakistan Steel Mills (PSM) and an India based supplier provided that any new duty or tax or increase in any existing duty or tax levied by

the seller's government upon the Iron Ore or the sale, transportation thereof, during the term of the contract shall be borne and paid by the seller. Contrary to above, the Supplier approached PSM in May 2007 to share 50% amount of duty imposed by Indian Government on the export of Iron Ore (lump and fine) @ US\$ 4.00 and US\$ 1.40 per M/Ton respectively. It was estimated by PSM that the demand of the Supplier would result into financial impact of US\$ 2.130 million (approximately) from March to June 2008. The Board of Directors (BoD) of PSM after detailed deliberation on the issue and after finding that the demand was contrary to the contract did not allow PSM to accede to the request of the Supplier. Later on Price Negotiation Committee of PSM in its meeting held on March 8, 2008 agreed to get the remaining shipments from the Supplier and to pay the amount of duty / taxes effective from March 2007 as demanded by the Supplier subject to approval of BoD. Subsequently the BoD in its meeting held on March 19, 2008 endorsed the decision of Price Negotiation Committee. The acceptance of non-contractual demand of the Supplier by the management resulted into assumption of liability of extra expenditure of Rs 181.142 million, which was a loss to the Organization. The matter was reported to the management on April 10, 2009 and referred to the Ministry in June 2009. The management in its reply dated May 19, 2009 stated that the sharing of duty was accepted in view of comparison of spot price received at that time for fine ore. They further added that the matter was in process to be finalized at Pakistan Steel and the amount had not been finalized for payment to the Supplier.

PAO replied as we already informed, M/s Sesa Goa, India was not paid 50% duty / taxes by PSM as claimed by them. Being aggrieved, M/s. Sesa Goa, filed Application before International Chamber of Commerce (ICC) on 09.7.2013 for starting Arbitration proceeding. In pursuance of the said application, International Court of Arbitration has appointed Sole Arbitrator Mr. Steven Philip Finizio. PSM has appointed Dr. Farough Nasim Advocate to represent PSM in ICC pursuant to approval of PSM BOD, MOI&P as well as Law & Justice Division Government of Pakistan, Islamabad. Now, the case is under process with ICC.

PAC DIRECTIVE

The PAC pended this para and directed PSM, Management to pursue this case.

47. **PARA-111, (ARPSE-2009-10), PAGE-166**
AWARD OF 50% OF PROCUREMENT CONTRACT TO 2ND LOWEST
BIDDER – RS 14.820 MILLION

Audit pointed out Rules-38 of Public Procurement Rules, 2004 provides that the bidder with the lowest evaluated bid, if not in conflict with any other law, rules, regulation or policy of the Federal Government, shall be awarded the procurement contract within the original or extended period of bid validity. Pakistan Steel Mills (PSM) invited tenders on July 20, 2008 for procurement of 150,000 M/ Tons Iron Ore (lump) on Cost & Freight Free out (CFFO) basis with

plus/minus 10%. The shipment schedule was from September, 2008 to December, 2008. Five parties participated in the bidding and three were technically qualified. As the offer of Indian based qualified firm was conditional in respect of quantity, the commercial offers of two bidders, one Iranian based and the other Indian based suppliers were opened. As per quality adjusted price for lowest hot metal cost, Iran based firm was declared first lowest @ Rs.44,056.18 per M/Ton and India based firm was declared 2nd lowest @ Rs.44,241.43 per M/Ton. The management, instead of awarding the whole procurement contract to the 1st lowest bidder, split the procurement by awarding 50% quantity, i.e., 80,000 M/Tons each to both bidders at their offered rates. Thus, PSM had to bear extra cost of Rs 14.820 million due to the decision of awarding contract to the 2nd lowest bidder, which was a loss. The matter was reported to the management on April 6, 2009 and referred to the Ministry on November 17, 2009. The management in its reply dated May 18, 2009 stated that the Price Committee had discussed the issue concluding that PSM could not be dependent upon a single source and decided to split the quantity on equal ratio of 50% of the tendered quantity because of already two contracts signed with other two Iran based suppliers; therefore, the committee decided to diversify the source of supply of Iron Ore (lump) from Iran to India.

PAO replied that as desired by DAC regarding verification of paras, the management has provided a copy Techno Economic Evaluation Criteria for procurement of 150,000 MT of Iron Ore and a copy of minutes of the meeting held on 15.09.2008 for commercial opening of ore lump and Met Coke offer against tender was provided to Audit 2012.

PAC DIRECTIVE

The PAC pended this para and directed to PAO to look into the matter and the minutes of the board price committee's may be sent to PAC Secretariat for information.

48. **PARA-112, (ARPSE-2009-10), PAGE-167**
IRREGULAR REGISTRATION OF FIRMS BY AWARDING ADDITIONAL
DEALERSHIP FOR SALE OF STEEL PRODUCTS

Audit pointed out that Clause-2 of Standard Terms and Conditions for Dealership framed by Pakistan Steel Mills (PSM) provides that the dealership shall be awarded on one proprietor-one dealer ship basis. Additional dealership in the name of same proprietor, his servants or any person or relative such as wife, son(s), daughter(s) who are not actually conducting business for income tax or any Government levies or any other purpose shall not be allowed. Contrary to above, PSM awarded a number of dealerships to proprietors / firms bearing same addresses. The objective for registration with PSM as dealers with different names appeared to be obtaining more quotas of PSM products for sale and

enjoying credit facility for greater period. The irregular award of dealership depicted loose internal controls prevalent in the Organization.

PAO replied that these firms may have same address for doing their business, but they are separate entities having separate proprietors, National Tax Numbers and General Sales Tax Certificates. The legal advisor of Pakistan Steel Mr. Ghulam Dastgir has also opined that "there cannot be any legal bar an awarding dealership to them notwithstanding the fact that there is blood relationship of any partner or member of the company."

The PAC settled this para with direction to Secretary Industries & Production same not to be repeated again.

ACTIONABLE POINTS

Actionable points arising out from discussion of the PAC meeting held on 13th December, 2016, under the Chairperson of Dr. Azra Fazal Pechuho, MNA, to examine the Audit Reports for the year 2009-10, pertaining to the Ministry of Industries & Production are as under:

AUDIT REPORT FOR THE YEAR 2009-10

MINISTRY OF INDUSTRIES & PRODUCTION

EXPORT PROCESSING ZONES AUTHORITY

50. **PARA-96 (ARPSE-2009-10) PAGE-141**
NON-COMPLETION OF PROJECTS WORTH US\$ 0.725 MILLION AND NON-RECOVERY OF PENALTY – US\$ 0.270 MILLION (RS 23.000 MILLION)

The Audit pointed out that clause-8 of the License Agreement between Export Processing Zones Authority (EPZA) and its Lessees binds the investor to complete construction and start running his planned production unit within a period of 18 months from the date of approved plan. Moreover, Clause-11 provides that the building and construction of the planned production unit must be completed up to a minimum extent of 50% of complete plan within one-year period from the date of the approved plan. In case of non-compliance of the agreed upon clause regarding completion of production unit, a non-construction penalty @ US\$ 5.00 per sq. meter per month was agreed to be paid by the Lessee under Clause-10 of the License Agreement.

PAC'S DIRECTIVES (26-01-2015)

The PAC settled the para subject to ensure quick action for remaining recovery.

The PAO apprised the committee that the construction of both units had been completed. They are now in operation and making export from the Zone. Whereas the recovery of penalty charges are not possible due to uncertain business conditions in Karachi. The issue will be placed before the BoD's next meeting to decide the fate of the penalty charges.

PAC DIRECTIVE

The PAC noted that the authority has not imposed penalty charges even violation of contract agreement by the factories owners. Thus, the committee was directed

the PAO to ensure recover of penalty charges from the factories owners under report to Audit/PAC.

PAKISTAN STEEL MILLS CORPORATION (PVT.) LIMITED

51. PARA-98.1 (ARPSE-2009-10) PAGE-146

The Audit pointed out that the Gross Profit of Rs 3.197 billion as on June 30, 2008 was converted into Gross Loss of Rs.25.852 billion as on June 30, 2009. This significant gross loss was attributed to the following operational lapses:

- i. Actual production during the year 2008-09 at 64% was even lesser than the planned production at 75% of sanctioned capacity. The low planned and even lower actual production contributed in decline in sales volume during the year 2008-09. The basis and timings for development and execution of the production plan needs to be elaborated.
- ii. The per metric ton raw material consumption cost increased by 136.1% during the year 2008-09, i.e., from Rs.25,043 in the preceding year 2007-08 to Rs.59,043 during the year 2008-09. This indicated procurements of raw material at higher prices during the year 2008-09, which needs justification.
- iii. The net sales during the year 2008-09 were even below the cost of raw material consumed by Rs 8.663 billion. This indicated that sale prices set were unable to absorb even the cost of direct material. In this regard PSM's procedure for planning, establishment of sales prices and sales plan needs to be explained and rationalized.

PAC'S DIRECTIVES (12-03-2014)

The committee expressed its displeasure over the performance of the organization as on the hand it earned an accumulative profit of Rs.9.5 billion till June, 2008 whereas on the other hand it sustained losses of Rs.104 billion since 2008 onward. The committee directed NAB to pursue the process of these cases and the committee be informed about the progress of the case by the DG NAB within one month.

56. **PARA-109 (ARPSE-2009-10) PAGE-163**
LESS CHARGING OF ANNUAL GROUND RENT – RS 2.035 MILLION

The Audit pointed out that according to the standard terms and conditions for allocation of land in the downstream industrial estate of Pakistan Steel Mills (PSM), the Annual Ground Rent (AGR) would be payable in advance at the beginning of each calendar year and is liable to yearly increase of 5% or revision by the competent authority from time to time. The Board of Directors of PSM in the meeting held on June 19, 2004 had approved the allotment of 219 acres (approx) land to Tuwairqi Steel Mills as per standard terms and conditions prevalent at PSM. However, AGR @ Rs.2.50 per sq. yard was fixed in the Lease

Deed for the entire lease period of 60 years without any subsequent yearly increase. The rates of AGR were revised in PSM from Rs.2.50 per sq. yard in January 2006 to Rs.3.197 per sq. yard in January 2009; however; the Company was paying AGR @ Rs.2.50 per square yard. Thus PSM suffered a loss of Rs 2.035 million up to January 2009 due to defective clause of the Lease Deed. The cumulative effect of less charging of the AGR over the entire period of lease would be in billions of rupees.

PAC'S DIRECTIVES (26-01-2015)

Their request has been forwarded to Finance Division and Ministry of Petroleum & Natural Resources for decision. The Management of TSML is ready to settle outstanding payments of PSM, as early after it revival of the production activities in their mill. PSM had also allotted 50(acres) land to Sui Gas for the period of 60 years on the rate of Rs. 9 Million per acre.

PAC DIRECTIVE

The PAC directed the PAO to submit a comprehensive report on the details of land given to NIB, Export Processing Zone and other departments along with details of lease agreements to PAC/Audit. The matter was reported to the management on April 6, 2009 and referred to the Ministry on November 17, 2009. The management in its reply dated May 18, 2009 stated that the Price Committee had discussed the issue concluding that PSM could not be dependent upon a single source and decided to split the quantity on equal ratio of 50% of the tendered quantity because of already two contracts signed with other two Iran based suppliers; therefore, the committee decided to diversify the source of supply of Iron Ore (lump) from Iran to India.

- b. By fulfilling the blending requirement through purchase of two iron ores considerable losses have been remedied specially by avoiding the harmful effects of phosphorus.
- c. Pakistan Steel has not suffered any loss, in fact as per ultimate conclusion of the contract; the actual amount paid against the same tendered quantity is less than that of the contracted amount.

PAC DIRECTIVE

The PAC recommended the para for settlement.

The PAO apprised the Committee that main reason for increase in the inventory was stuck off the weapons made for the armed forces. The use of said weapons were minimized at that, however, the same are now in utilization again by the forces following the launching of CPEC. Hopefully, in the current fiscal year, all the entire inventory would be cleared.

PAC DIRECTIVE

62. **PARA-128.1 ARPSE-2009-10**

The Audit pointed out that profit after taxation decreased by 55.82% in 2008-09 to Rs 11.381 million as against profit of Rs.25.765 million in 2007-08. However, accumulated loss amounted to Rs. 1,576.02 million as on June 30, 2009. This indicated unsatisfactory performance of the Company.

The Audit pointed out that according to Finance Division OM dated March 18, 2002, the bonus would be paid on operational profit of the organization only excluding income from other sources and Managing Directors and members of Board of Directors will not be entitled to receive bonuses. State Engineering Corporation sustained operating loss of Rs 13.219 million in 2007-08 but paid Rs.1, 017,907 on account of bonus to their officers including Chairman of BOD, equal to two months basic pay. This resulted in irregular payment of Rs 1.018 million.

But SEC management made payment as per SED-I grade (Senior Executive Director-I). The SED-I scale had more benefits than M-I scale. Resultantly the said officer received excess amount of Rs 440,000 on account of his pay and perquisites.

HEAVY ELECTRICAL COMPLEX (PVT) LIMITED

65. **PARA-132 ARPSE-2009-10**
LOSS DUE TO DEFECTIVE REPAIR/REHABILITATION OF POWER TRANSFORMERS – RS. 28.668 MILLION

The Audit pointed out that under warranty clause 13, in the event of power transformers found defective or not conforming to the specifications, Heavy Electrical Complex (Pvt) Limited (HEC) will be responsible for all losses and defects within a period of 24 months from the date of delivery. Furthermore, unacceptable goods shall be substituted with the acceptable goods at HEC's expenses and costs.

The PAO apprised the Committee that three No of transformers mentioned by the Audit, one (160 MVA BBC make) was never repaired only VPD process was performed on it by HEC which fact has also been accepted by NTDC. While NTDC itself had declared that another of the three transformers (160 MVA STW make) had damaged beyond repairs, only one transformer i.e. 160 MVA Fuji make was sent back to HEC for repairs. However, after deducting the amount under reference, neither WAPDA pursued HEC for repair of the said transformer nor HEC intends to do so as it is not commercially viable. HEC is constrained not to repair the transformer because by doing so it would get back only Rs. 11.0 million (repair charges paid by WAPDA) whereas its current repair charges are roughly estimated at around Rs.17.0 million which on the basis of pre-repair joint inspection carried out in March, 2008 were estimated at Rs.14.310 million.

PAC DIRECTIVE

The PAC directed the PAO to constitute a joint inquiry committee comprising representative from HEC and WAPDA settle the dispute within a period of one month under report to Audit/PAC.

66. **PARA-133 ARPSE-2009-10**
LOSS DUE TO PAYMENT OF LATE DELIVERY CHARGES – RS. 4.398 MILLION

The Audit pointed out that as per clause 9 of contract between LESCO and HEC, the ex-works delivery of material shall be made within 180 days from the date of issuance of Notification of award dated March 10, 2006. The management of Heavy Electrical Complex signed a contract on June 14, 2006 effective from March 10, 2006 with Lahore Electric Supply Company Limited (LESCO) for production and delivery of five power transformers up to September 9, 2006. The management could deliver the transformers up to January 15, 2007. As per clause 18.1 of Section-II of bidding documents LESCO deducted late delivery charges of Rs 4.398 million. Thus, the HEC sustained a loss of Rs 4.398 million.

The PAO apprised the Committee that despite, HEC efforts for refund of the said LD, no fruit has been born. Ultimately, the matter was put-up in the 44th Board of Directors Meeting of the company held on 17.10.2009 for regularizing the said loss (writing-off the amount). The Board approved writing-off such amounts upto the financial year 2005 and advised to make one more effort for realization of the said amounts. The amount being outstanding for more than two years has already been classified as bad debt under policy approved by HEC BOD in their meeting held on 17.10.2009 and provision has been made in accounts for the years 2008-09 and 2009-10.

PAC DIRECTIVE

The PAC recommended the para for settlement.

67. i. **PARA-135.6 ARPSE-2009-10**

The Audit pointed out that the Company has not been making provision for the last many years for accumulated interest amounting to Rs 271.798 million on loans on the plea that initially there was no mention of interest and matter was under consideration with a committee constituted by Finance Division. Audit would emphasize the management to either settle all the pending matters regarding settlement of Government loans without further delay or proper provisions may be made in the accounts.

The Managing Director, PECO, replied that in 1993, the then government had awarded a bailout package of Rs. 1.79 billion to PECO following continuous losses sustained by the company due to certain activities by the union. The said bailout package remained continued from 1993 to 2003. Moreover, in order to defray further expenses and to settle outstanding amount, ECC decided to sell out a piece of land of PECO situated at Badami Bagh, Lahore. In 2005, Finance Division decided to charge interest on loans given as bailout packages. As the company had received an amount of Rs. 1.79 billion in ten years, hence, it was directed to pay an amount of Rs. 4.39 billion on account of interest charged up till 30th June 2016. The company was still willing to pay the interest amount by selling its land at Badami Bagh, however, the main question was that

had the Privatization Commission sold the whole land in 1994?' If they had sold the land in times, mark up should have never been risen to this much. In 2007 and 2014, Ministry of Industries and Production notified that further invitation for disposal of land at Badami Bagh should be stopped because of some legal issue cropped up in 2003 and 2004 through illegal sale of share of PECO by National Investment Trust against written directions by the Finance Division. In 2008, the PAC examined the issue and appointed a PAC under the chairmanship of Sardar Ayaz Sadiq, MNA. The PAC in its report, submitted to the PAC, had held NIT responsible for this loss to the ex-checker. On the basis of this report, NAB was directed by the PAC to take out investigation which has held a number of meetings so far. Presently, NAB Sindh is pursuing the case vigorously and is likely to report back to the PAC in two months.

ii. **PARA-135.7 ARPSE-2009-10**

The Audit pointed out that as per note-23.1 to the financial statements for the year ended June 30, 2009, loans from the Privatization Commission were Rs 481 million whereas the Privatization Commission has confirmed receivable of Rs 1,516 million (2008:Rs 1,452 million) which included principal loan liability of Rs 612.922 million and markup of Rs 903.796 million, which needs to be reconciled/explained.

PAC DIRECTIVE

The PAC clubbed the above mentioned two paras and directed NAB Sindh to provide detail of these cases in the next meeting.

AUDIT REPORT FOR THE YEAR 2009-10
MINISTRY OF INTERIOR

2. **PARA-13.1**
NON RECONCILIATION OF GOVERNMENT RECEIPTS – Rs. 551.510 MILLION

Audit pointed out that the management of Interior Division issued 88,838 new Arms Licences from 28.03.2008 to 30.06.2009 under Section 11(b) of the Pakistan Arms Ordinance, 1965. The fee for these licences was estimated at Rs. 515,507,500 which was to be deposited into Government Treasury. However, the receipts were not reconciled with the treasury. In the absence of verification and reconciliation, there was every possibility of issuance of arms licences against fake challans.

The management replied that National Bank of Pakistan had provided statements of accounts deposited against treasury challans. The Arms Wing was in the process of re-structuring and would do the verification of amounts before issuance of arms licences. It was added that Federal Treasury Office, Islamabad confirmed that Rs. 226,843,232/- had been deposited in the relevant head of account in the jurisdiction of Islamabad and Rawalpindi for the period from 28.03.2008 to 30.06.2009.

PAC DIRECTIVE

3. **PARA- 13.2**
UN-AUTHORIZED RETENTION AND UTILIZATION OF GOVERNMENT RECEIPT – RS. 41.810 MILLION

The Management of ICT Police Islamabad realized receipts amounting to Rs. 41,813,784 in violation of Federal Treasury Rules. Management was using the receipts to meet departmental expenses over and above the budget without Finance Division's approval. Further, the expenditure was being approved by respective heads of department who were not delegated any financial powers in this regard. Moreover, the government receipt was being kept in commercial bank accounts. These bank accounts were opened without the approval of Finance Division. These receipts accounts were also not reflected in the budget of the ICT Police, Islamabad.

The Management was of the view that rules regarding Islamabad Police Welfare Fund had been framed and submitted to the Finance Division for approval.

PAC DIRECTIVE

The Committee directed the PAO to conduct inquiry in the matter by fixing responsibility and a report thereof be sent to the Committee within two months.

4. **PARA- 13.3** **IRREGULAR PURCHASE OF AIRCRAFT – Rs.138.500 MILLION**

Audit observed that an aircraft was purchased by the Baluchistan Constabulary for Baluchistan Police in February, 2006. The PC-I provided Rs. 50 million for the purchase. However, the management paid Rs. 138.50 million without provision in PC-I and approval of Steering Committee. Further, the aircraft purchased had different specifications than given in the PC-I. Audit held that procuring aircraft of different specification at 277% higher than the approved cost was unjustified. Further, PC-I had not been revised so far.

The PAO admitted that it was one of the poorly executed projects and the Aircraft was purchased without the approved plan. He added that a Committee in this regard has been constituted to resolve these issues between the Federal Government and the Government of Balochistan. He requested that the representative of the Government of Balochistan may also be heard before taking any decision.

PAC DIRECTIVE

The Committee directed the PAO to ensure presence of all concerned from the Balochistan Government in the next meeting.

5. **PARA – 13.4** **POOR EXECUTION OF ISLAMABAD DEVELOPMENT PACKAGE**

During the audit of Islamabad Development Package (IDP), it was observed that proposed plan for Urban and Rural Areas of Islamabad Capital Territory was approved for Rs. 4,300.250 million. Audit observed that no funds were utilized for Education Sector whereas only Rs.8.240 million (2.9% of allocation) were utilized in health sector for purchase of 03 mobile ambulances and for Feasibility Study. Further, the ambulances procured were yet not operational.

Audit further held that one comprehensive PC-I for each sector should have been prepared and got approved from relevant forum. Instead the management split the development activity and prepared 51 PC-Is under this package (02 Health and 49 for Rural Development) to avoid the approval of higher forums like CDWP and ECNEC.

As per Minutes of 31st Meeting of IDWP held on 31.08.2006 the representatives of planning Division (DAD section) had also proposed that all schemes under IDP

should be included in one PC-I and presented before the appropriate forum but it was not done.

Management replied that an Umbrella PC-I has already been prepared and submitted to the Ministry of Interior. He added that an amount to the extent of Rs. 8.2040 Million has been utilized in the health sector by purchasing ambulances which were functional since 2009. Moreover, work on the Education schemes was also in progress.

The Committee directed the PAO to provide updated figures in each head including Health and Education to the Committee within two months.

The matter was discussed in the DAC meeting held on 8-4-14 which revealed that the requisite amount has been deposited into Government Treasury.

PAC DIRECTIVE

The Committee settled the para with the direction to strictly follow the Government financial rules.

7. **PARA 13.6**
MISAPPROPRIATION IN PURCHASE OF FIRE WOOD – Rs. 0.566 MILLION.

However, review of the stock register showed that the fire wood was never taken on record. There is a risk that the fire wood was not purchased and that amount was kept unauthorizedly outside government account.

Management stated that the amount was drawn during financial year 2006-07 but the payment was not made to the contractor. The payment was subsequently made to the contractor with the approval of Commandant Baluchistan Constabulary in next financial year.

In compliance of DAC directives dated 23.01.2010, the IG Baluchistan was requested to nominate an inquiry Officer against the accused officer Mr. Muhammad Jaffer Ex – Zonal Commander Zone-1 who was found guilty for misappropriation of Rs. 566,136 in preliminary inquiry. Accordingly Mr. Rehmatullah Khan Niazi was nominated as Inquiry Officer who reported the matter to IG Baluchistan that the accused officer was on secondment abroad. 9. **PARA – 13.8**

PAC DIRECTIVE

The Committee settled the above two paras.

MILLION

The Audit pointed out that Interior Division issued 88,838 new Arms Licences from 28.03.2008 to 30.06.2009 under Section 11(b) of The Pakistan Arms Ordinance, 1965. The Committee directed the PAO that a report containing verified statement of the complete reconciled receipt of the Arms licence be provided to the Committee/Audit within two months.

The PAO informed the Committee that an inquiry was conducted by FIA which held the then S.O. (Arms) responsible and criminal proceeding was done against him. The Civil Court sentenced the accused officer, however, the higher court suspended the punishment order. Further, the PAO apprised the committee that strict rule has been formed to restrict the corrupt practices in future. The National Bank of Pakistan has also been requested to bifurcate the head of account from renewal fee deposited to newly issued licence fee deposited to know the actual shortfall of the amount and provide the same to the Ministry.

PAC DIRECTIVE

The PAC pended the Para and directed the FIA to provide the comprehensive report whether the criminal case has been contested by the department against the accused officer after the bail from the higher court, and report the committee in the next meeting. The committee further suggested to notify the cancellation of those arms licences which were not renewed after the cut-off date (31-12-2015).

The Audit pointed out that Federal Treasury Rule 7 states that all money received by or tendered to Government Officers should be deposited in Treasury without any delay and money so received should not be appropriated to meet departmental expenditure nor should it be kept apart from the public account.

In violation of above rules, the management of ICT Police Islamabad realized receipts amounting to Rs. 41,813,784 during the year 2008-09.

Management was using above receipts to meet departmental expenses over and above the budget without Finance Division's approval. Furthermore, the expenditure was being approved by respective heads of department who were not delegated any financial power in this regard.

PAC DIRECTIVE DATED 22.04.2014

The Committee directed the PAO to conduct inquiry in the matter by fixing responsibility and a report thereof be sent to the Committee within two months.

1. PARA- 13.3, PAGE 75-76, AR 2009-10 IRREGULAR PURCHASE OF AIRCRAFT – RS. 138.500 MILLION

The Audit pointed out that an aircraft was purchased by the Baluchistan Constabulary for Baluchistan Police in February, 2006. The PC-I provided Rs.50 million for the purchase. However, the management paid Rs. 138.50 million without provisions in PC-I and approval of Steering Committee. Further, the aircraft purchased had different specification than given in the PC-I.

PAC DIRECTIVE DATED 22.04.2014

The Committee directed the PAO to ensure presence of all concerned from the Baluchistan Government in the next meeting.

The PAO apprised the committee that project is about to complete and deviation in the PC-I has been regularized through revised PC-I by the ECNEC. 2. PARA – 13.4, PAGE 76-77, AR 2009-10 POOR EXECUTION OF ISLAMABAD DEVELOPMENT PACKAGE

The Audit pointed out that during the audit of Islamabad Development Package (IDP), it was observed that proposed plan for Urban and Rural Areas of Islamabad Capital Territory was approved for Rs. 4,300.250 million.

Audit observed that no funds were utilized for Education Sector whereas only Rs. 8.240 million (2.9% of allocation) were utilized in health sector for purchase of 03 mobile ambulances and for a feasibility study. Further, the ambulances procured are not yet operational.

Audit further held that one comprehensive PC-I for each sector should have been prepared and got approved from relevant forum. Instead the management split development activity and prepared 51 PC-Is under this package (02 for Health and 49 for Rural Development) to avoid the approval of higher forums like CDWP and ECNEC.

Up-to-date ICT has planned and approved 111 schemes of various sectors at a cost of Rs. 4,300 million. Out of these schemes 43 schemes have been completed and 50 schemes are on-going whereas 18 schemes are yet to be started. Accordingly an amount of Rs. 2,188.931 million i.e. 51% of total allocation was released by the Interior, P&D and Finance Divisions. 3. PARA – 13.6, PAGE 77-78, AR 2009-10 **MISAPPROPRIATION IN PURCHASE OF FIRE WOOD – RS. 0.566 MILLION**

The Audit pointed out that accounts of Baluchistan Constabulary (Zone-1) for the years 2006-07 and 2007-08, it was observed that in June, 2007 an amount of Rs. 566,136 was paid to a supplier of fire wood. However, review of the stock register showed that the fire wood was never taken on record. There is a risk that the fire wood was not purchased and that amount was kept unauthorized outside government account.

Management stated that the amount was drawn during financial year 2006-07 but the payment was not made to the contractor. The payment was subsequently made to the contractor with the approval of Commandant Baluchistan Constabulary in next financial year.

No record was provided to audit to establish that fire wood was actually procured. The risk of embezzlement could not be ruled out.

PAC DIRECTIVE DATED 22.04.2014

The Committee further suggested to notify the cancellation of those arms licences which were not renewed after the cut-off date (31.12.2015).

The PAO informed the committee that 85 million, out of the total amount, was still unreconciled and the only reason for delay in this whole process was because of

The PAO informed the Committee that the issue of purchase of the aircraft was virtually settled as the same was ratified by the ECNEC. The only issue which remained was as to whether the Balochistan Government was willing to pay the excessive amount or not?. The representative from the Finance Division who was present in the meeting also endorsed the PAO's proposal.

PAC DIRECTIVE

MINISTRY OF KAHMIR AFFAIRS AND GILGIT BALTISTAN **AUDIT REPORT FOR THE YEAR 2009-10**

4. **PARA NO. 16.1 PAGE - 92 AR - 2009-10**
UNAUTHORIZED PAYMENT OF ESCALATION CHARGES TO NORTHERN AREAS TRANSPORT COMPANY (NATCO) - RS. 11.93 MILLION

The Audit pointed out that according to the Contract Agreement made by Directorate of Civil Supply and Transport (DCST), Northern Areas Gilgit on 11-09-2004, the Northern Areas Transport Company (NATCO) was required to transport wheat from Islamabad to Jaglot on payment of Rs 1.19/kg during the year 2004-05. There was no provision for payment of escalation charges in the contract.

The PAO apprised the Committee that escalation was mainly due to variation in fuel prices. A joint DAC of Federal Audit and Commercial Audit was conducted on dated 06.01.2016 to settle the para, but no agreement could be reached on the formula for payment of escalation, and it was directed that NATCO and Food Department in the supervision of Finance Department Gilgit Baltistan should come up with a mutual agreed formula based on escalation paid by Works Department and MES.

PAC DIRECTIVE

The PAC recommended the para for settlement.

5. **PARA NO. 16.2 (PAGES 92-93 AR - 2009-10)**
OVERPAYMENT TO DIFFERENT CONTRACTORS AS TRANSPORTATION CHARGES DUE TO MISCALCULATION – RS. 55.77 MILLION

The Audit pointed out that Para 10 (2) of GFR stipulates that the expenditure should not be prima facie more than the occasion demands. Directorate of Civil Supplies and Transport (DCST), Northern Area, Gilgit paid Rs. 74,355,855 as escalation to transportation contractors on account of increase in oil prices for the year 2008-09. Audit observed that in the composite transportation rate, the weightage of fuel i.e. diesel was 25%. Thus, in computing escalation charges, the weightage of fuel in the composite rate should have been taken into account. If that had been done, the management would have paid Rs. 18,588,963 in escalation charges. Contrary to that the management paid escalation charges in proportion to increase in the price of diesel. Thus, due to miscalculation, DCST made excess payment of Rs. 55,766,892 to contractors.

The PAO apprised the Committee that the payment for escalation to the tune of Rs.56.167 million to NATCO and Rs.18.188 million to private contractors (Total Rs.74.355 million) based on the actual increase in POL price over and above 5% as provided the escalation clauses of agreement deed.

PAC DIRECTIVE

The PAC pended the para with direction to the PAO to reconcile the record with Audit with a report to PAC.

6. **PARA NO. 16.3 (PAGE 93 AR - 2009-10)**
LESS RECOVERY OF SALE PRICE AMOUNTING TO RS. 2.6 BILLION

The Audit pointed out that as per provisions of Para-26 GFR, it is responsibility of every controlling officer to see that all sums due to Government are regularly and promptly assessed, realized and credited in the Government account. As per ECC decision dated 17-04-2002 and subsequent clarification by Finance Division, the cost of transportation of wheat and handling charges were to be borne by the Government which meant that purchase price was to be passed on to the consumer.

The PAO apprised the Committee that a committee under the Chairmanship of the Federal Secretary Finance, Islamabad, decided vide meeting dated 20.07.2011, to gradually increase prices of wheat up to 70%. The Gilgit Baltistan Government started implementing the decisions and rates were increased. On the increases of wheat prices, the people of Gilgit Baltistan started agitation. The Chairman Gilgit Baltistan Council/Prime Minister of Pakistan approved a Summary dated 28.04.2014, wherein the price of wheat was re-fixed and reduced to Rs.11 per Kg which is still under implementation.

The Audit pointed out that according to Para 23 of GFR (Vol-I), every Government officer should realize fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part. The Directorate of Civil Supply and Transport (DCST) Gilgit was

procuring wheat from Punjab Province and supplying it to the residents of Northern Areas through Civil Supply Depots. Audit observed that during the year 2008-09, 860,855 kg of wheat was found either stolen or short as per physical verification reports of five Civil Supply Depots.

8. PARA NO. 16.5 (PAGES 94-95 AR - 2009-10) HIRING OF NON CUSTOM PAID (NCP) VEHICLES FOR INTERNAL SECURITY DUTY – RS. 151.24 MILLION

The Audit pointed out that according to para 10 GFR (Vol-I), the expenditure should not be *prima facie* more than the occasion demands. It was noted that DC Gilgit and Skardu incurred an expenditure of Rs. 151.24 million on account of hiring and POL charges of 67 Non Custom Paid vehicles during 2006-09 as detailed below:

District	No. of vehicles	Amount paid (Rs in million)
DC Gilgit	50	131.49
DC Skardu	17	19.75
Total	67	151.24

The PAO apprised the Committee that the Government of Gilgit-Baltistan has engaged Non Custom Paid vehicles for Internal Security in Gilgit Baltistan after sectarian violence in 2005. There was acute shortage of Government vehicles in Gilgit Baltistan, consequently the District Administration had to engage private vehicles for transportation of LEAs deployed on Internal Security Duty. However the NCP vehicles were easily available on lower rate in the area which was economical and dependable to cope the requirement of LEAs. It is further stated that the whole process was completed by the approval of Provincial Government calling open tenders and keeping in view the lowest rate offered by the private parties.

PAC DIRECTIVE

The PAC noted with concern the violation of law in the instant case and directed the PAO to be careful in future. The para was, however, recommended for settlement subject to regularization of the expenditure by the competent forum of the Government of Gilgit Baltistan.

ACTIONABLE POINTS

Actionable points arising out from discussion of the of PAC meeting held on 27th July, 2016 under the convenership of Sardar Ashiq Hussain Gopang, MNA to examine the Audit Reports for the year 2009-10, pertaining to the **Ministry of Petroleum & Natural Resources** are as under:

AUDIT REPORT PUBLIC SECTOR ENTERPRISES
FOR THE YEAR OF 2009-10

SUI NORTHERN GAS PIPELINES LIMITED

1. **PARA-191.9, ARPSE-2009-10**

The Audit pointed that the trade payable increased from Rs. 27.416 billion in 2007-08 to Rs 49.786 billion in 2008-09 which indicated an increase of 81%. The working capital management of the company is questionable. As at June 30, 2009 the company had a cash and bank balance of Rs. 1.317 billion. The DAC in its meeting held on June 11, 2009 had already directed the Company to transfer funds amounting to Rs. 7.138 billion to assignment account against unutilized cash of KPP schemes. Detailed analysis of working capital revealed that the Company had not devised a strategy to repay the amount unutilized against KPP schemes. The Company had not disclosed in its financial statements as on June 30, 2009 a commitment of Rs. 7.138 billion in respect of above mentioned KPP schemes which was required under part-II clause-10 (iii) of fourth schedule of Companies Ordinance 1984.

The MD, SNGPL explained that since the amount received from the Government of Pakistan has already been recognized as deferred credit in the balance sheet

(Liability side). Khushal Pakistan schemes are disband for the last three years. The funds are available in the assignment account and they are not utilized anywhere else nor we have violated the procedure. Consider it as a accounting procedure mistake. The balance amount will be surrendered.

PAC DIRECTIVE

The PAC settled the para subject to verification of record by Audit.

OIL AND GAS DEVELOPMENT COMPANY LIMITED

2. PARA-193.3, ARPSE-2009-10

The Audit pointed out that trade debts increased by 38% to Rs. 56.140 billion as on June 30, 2009 as against Rs. 40.705 billion of the previous year while overall sales had increased by 4% only. The credit policy of the Company needs to be reviewed to secure the interest of the Company.

The PAO apprised the committee that 99.18% of the total amount has been recovered. The MD, SNGPL explained that 99.2% of the Rs. 56.14 billion has been recovered, some small amounts are subjudice. Attock Refinery limited has applied in FBR for the adjustment of sales tax, it is only a issue of time. Efforts are underway to recover the balance amount. The portion of the debt is related to the sales tax, which we have paid. The MD of the OGDCL explained that we have recovered a big amount from the Attock Refinery Limited for the adjustment of sales tax, and we are perusing for the adjustment of sales tax with FBR.

PAC DIRECTIVE

The PAC settled the para with the direction to recover the remaining amount and its verification by audit.

3. PARA-196, ARPSE-2009-10 IRREGULAR PAYMENT OF LEGAL FEE – RS. 25.209 MILLION

The Audit pointed out that in terms of Ministry of Law, Justice and Human Rights letter dated January 1, 2005, the Corporations, Autonomous/Semi autonomous Bodies/ Authorities and Government controlled organizations may continue their present arrangements in assigning to their counsel cases pending adjudication before various Courts of Law or where appeals are to be filed in the Appellate Courts within the limitation period. However, where the fee exceeds Rs. 100,000, approval of the Ministry should be sought before the payment. Contrary to the above, the management of Oil and Gas Development Company Limited appointed legal advisors for different court cases on exorbitant fee without approval of the Ministry of Law and Justice. An amount of Rs. 4.805 million and Rs. 20.404 million was paid as legal fee during 2007-08 and 2008-09

respectively. The relevant record was not produced on demand. This resulted in an irregular payment of Rs. 25.209 million (Rs. 4.805 million + Rs. 20.404 million).

The MD, OGDCL apprised the committee that OGDCL is the company under the companies ordinance and governs under the Board of Directors. We utilize our own budget approved by BOD. Such expenses are related to the company's internal procedures approved by BOD. The Board approves to engage legal counsels in accordance with the nature of cases. In this regard PAC decision dated 15th May 2014 is as under " The Public Sector Companies operate under the Ordinance 1984, and the BODs have the power and authority to take decision without the requirement of taking approval from the Government but stay within the guidelines provided in the " Public Sector Companies Corporate Governance Rules 2013".

PAC DIRECTIVE

The PAC settled the para and directed the PAO to follow the directions/guidelines of PAC relating to the BOD of different departments in future.

4. PARA-198, ARPSE-2009-10 NON-IMPOSITION OF LIQUIDATED DAMAGES – RS. 3.748 MILLION

The Audit pointed out that in terms of clause 47.1 of the tender documents and other conditions of contract if the contractor fails to complete the work within stipulated period, liquidated damages @ 0.2% for each day of delay in completion of the works subject to maximum of 10% of the contract price shall be recovered from him. OGDCL awarded a contract agreement dated July 5, 2005 to M/s. Aziz Builders for construction of Officer's Camp at Chanda Field for Rs. 37.484 million. As per work order dated August 24, 2005, the work was required to be completed within 12 calendar months effective from the date of taking over possession of the site. Maximum time allowed for mobilization and taking over possession of the site was 14 days from the date of issue of work order. Thus the entire work was to be completed upto July 19, 2006.

The PAO apprised the committee that the matter is subjudice in the court of law the date of decision is fixed for 27th September 2016. The PAO further explained we have made payments, and retained 10% of the amount as retention money. Pakistan Engineering Council allows us to take guarantees for insurance purpose from insurance companies. As per PEC rules we accepted insurance from United Insurance Company. After the termination of contract with the builder we consulted the UIC for insurance claim, and we found that the insurance company was bankrupted and then we went in arbitration.

PAC DIRECTIVE

The PAC pended the para till the decision of the Court of Law.

**5. GOVERNMENT HOLDINGS (PVT) LIMITED
PARA-205.3, ARPSE-2009-10**

The MD, GHPL apprised the committee that we have installed the plant of CO₂ in October 2015 at Chanda Gas Field. The remaining amount in this issue is withheld and is in arbitration. We are offering 10% of discount but they are demanding for 20%. This issue will be resolved within one month.

PAC DIRECTIVE

The PAC settled the para subject to verification of record of the settlement of the dispute between departments by the Audit.

To enter into this programme, FTN/NTN was pre-requisite. Therefore, this office approached FBR and Ministry of Railways for issuance of FTN/NTN and finally after hiring a consultant, FTN/NTN had been allotted to Concrete Sleeper Factory, Kohat and now monthly returns and refund claims were being filed according to the procedure in vogue and hopefully the pending cases would be finalized shortly. SHARE

The Audit pointed out that Clause 23.1 of contract agreement executed in December 2008 for collection of toll tax on KhushalGarh Rail-cum-Road Bridge stipulated that total amount of bid money would be payable in monthly

installments. Further, clause 23.2 of the contract provided that if contractor failed to deposit monthly installments of bid money on the due date, he would pay a penalty @ 1% on the outstanding amount beyond 3 days subject to further recession of contract, if default exceeded 15 days. The contract was made with the face value of Rs. 15.10 million for a period of 12 months. The possession of site was handed over to the contractor on 10th September, 2008 and the contract expired in September 2009, while more than 69% of the amount was outstanding. The core objectives thereof were Financial Management, Procurement, Human Resource Management, Training, Capacity Building, Assets Management and Information Technology. No progress for improvement of Pakistan Railway in the above mentioned areas had been observed, resulting in wastage of an amount of Rs. 10.00 million.

The PAO apprised the Committee that World Bank funded project worth Rs. 10 Million was meant for improvement of Pakistan Railways in Financial Management, Procurement, Human Resource Management, Training, Capacity Building, Assets Management and Information Technology. Unfortunately its objectives could not be achieved, except the Land Management Assessment.

Besides, an expenditure of Rs. 0.268 million was incurred by RAILCOP on POL and maintenance charges of the both vehicles up to 30th June, 2009. This resulted in irregular expenditure of Rs. 3.216 million.

The PAO apprised the Committee that they made a reference to the Finance Division. Result of reference was furnished to Audit on 08.01.2013, which indicated that public limited companies established by and working under the auspices of Federal Ministries fell under the ambit of decision of National Economic Council as far as procurement of new vehicles or replacement of the existing vehicles was concerned. Further clarification of the matter if required could be obtained from the concerned Division.

PAC DIRECTIVE

The PAC directed the PAO to provide a copy of the letter of previous Cabinet Committee to Ministry of Law and Justice for seeking their opinion/policy guidelines regarding the ban in question under report to Audit/PAC.

SHORT SUPPLY OF TECHNOLOGY OF RS. 19.837 MILLION

The Audit pointed out that as per agreement M/s. Dongfang China agreed to supply transfer of technology (TOT) documents for manufacture of various principal assemblies and components. Out of US \$ 805,920 allocated for TOT, the supplier did not supply complete TOT for items having value of US \$ 239,000 (Rs. 19.837 million). Thus, due to short transfer of technology expenditure on transfer of technology was wasted.

The PAO apprised the Committee that all the 69 locomotives purchased from Chinese Company (DongFang) remained operative during the warranty period of these years. The supplier was responsible for operating these engines. Some technical faults had started occurring even during the warranty period of the engines. The company was blacklisted and the matter was referred to NAB and no departmental inquiry could be held.

PAC DIRECTIVE

The PAC directed the PAO to provide comprehensive report on performance of sixty nine locomotives remained operational during warranty period or otherwise, the list of parts provided by the company during this period, the actual expenditure involved in this whole issue, actions taken by the Department/Ministry against responsible, etc to the Committee/Audit within one month.

- 14) **PARA NO. 1.6.3 PAGE NO. 192-AR-2009-10**
IRREGULAR ENHANCEMENT OF QUANTITIES OF WORK VALUING
RS. 361.148 MILLION

The Audit pointed out that para 42 (i) (IV) of Public Procurement Rules (PPRs)-2004 stipulates that repeat orders not exceeding 15% of the original order are admissible.

- (i) PR executed two contract agreements with M/s FWO on 14.08.2006 for earthwork at embankment, laying sub-ballast and supply & stacking of ballast. The quantities of various items were enhanced in September 2007. The value of first contract was increased from Rs. 302.877 million to 416.181 million (37.63%) and value of second contract was increased from Rs. 314.069 million to Rs. 446.989 million (42.32 %). This resulted in irregular enhancement of contract by Rs. 246.224 million.
- (ii) An agreement for construction of bridges was awarded to FWO at total cost of Rs. 139.339 million. The quantities of various items were enhanced and face value of work was increased to Rs. 254.263 million. This resulted in increase of Rs. 114.924 million, i.e. 82.48 %, increase from the original cost.

The PAO apprised the Committee that the work was awarded to M/s FWO on single bid basis. The designs of certain activities were not finalized till award of contract; therefore, tentative quantities were incorporated in the agreement in order to complete the work within prescribed schedule. On finalization of designs, the quantity of each item of work was reviewed and revised as per actual requirement. As a result of detailed soil investigation, the construction of bridges were designed/decided on pile foundation and as such the scope of work so involved was included in Addendum Slips at already accepted rates. Consequently, completion period was also extended for further one year.

PAC DIRECTIVE

The PAC recommended the para for settlement with the direction to avoid recurrence of such practice in future.

16) **PARA NO. 1.5.7 PAGE NO. 189-AR-2009-10**
LOSS OF RS. 26.167 MILLION DUE TO PROCUREMENT OF MATERIAL AT HIGHER RATES AND TREATMENT CHARGES

The Audit pointed out that Pakistan Railways procured 38,349.448 cft Hard Wood for an amount of Rs. 58.641 million from the 3rd lowest bidder vide agreement dated 10th October, 2007. The injudicious decision resulted in extra expenditure of Rs. 19.073 million. The Technical Committee recommended the offer of 3rd lowest with the remarks that this type of wood (Slangan Batu) would not require further treatment but an expenditure of Rs. 7.094 million was further incurred on account of treatment charges.

The PAO apprised the Committee that offer of the 3rd lowest bidder was accepted due to the reason that his material was considered durable having useful life of 20 years whereas the useful life of the material of the 1st and 2nd lowest bidders was 15 years. Technical Committee thus declared offer of the 3rd lowest bidder economical which was accepted by the competent authority accordingly.

PAC DIRECTIVE

The PAC directed the PAO to provide copy of report from the Forestry Department regarding the using of hardwood in the tracks to Audit for verification; the para would be treated as settled on satisfaction of Audit.

17) **PARA NO. 1.4.3 PAGES NO. 186-187-AR-2009-10**
POOR PLANNING

The Audit pointed out that an agreement for construction of sub-structure of a bridge included installation of 289 Rft liner of Mild Steel sheet for pile-work @ Rs. 14,000 per Rft. The quantity was increased to 547 Rft on demand of the contractor. This resulted in extra expenditure of Rs. 3.612 million. An agreement for construction of bridge with face value of Rs. 33.698 million was executed on 1st January, 2008. The bridge was designed for both Up and Down lines but subsequently it was decided to utilize the existing bridge for Up line. The contractual cost was revised from Rs. 33.698 million to Rs. 24.3 million. The work was completed at a cost of Rs. 24.790 million whereas a single line bridge should have been completed at a cost of Rs. 16.849 (33.698/2) million. Hence an

extra expenditure of Rs. 7.941 million (24.790 – 16.849) was incurred on the bridge.

The PAO apprised the Committee that the increase in length below bed level from 5ft to 15 ft resulted in overall increase of liner length from 289 Rft to 547 Rft. The increase in quantity was therefore, unavoidable as without this increase construction of bridge was not possible. Design of the bridge was revised keeping in view site requirement, therefore, quantum of work was increased. The contract was, therefore, revised vide addendum slip dated 25.08.2008. Bridge was completed with the cost of Rs. 24.790 million as per CEN/Design plan.

PAC DIRECTIVE

The PAC recommended the para for settlement.

**18) PARA NO. 1.4.2 PAGE NO. 186-AR-2009-10
WASTEFUL EXPENDITURE AMOUNTING TO RS. 3.00 MILLION ON
TOPOGRAPHIC AND DIGITAL MAPPING**

The Audit pointed out that, a contract for detailed survey and digital mapping of Railway corridor from KM 934 to 1167 in connection with laying of 2nd line parallel to the existing alignment was executed on 3rd January, 2006 for a sum of Rs. 3.00 million. During execution of the project field staff faced complications which indicated that survey and mapping were not properly done. Resultantly envisaged benefits could not be achieved from the expenditure.

The PAO apprised the Committee that the topographic survey and digital mapping was carried out to provide data of each activity to design office for its proper designing. The contracts for execution of different works of Doubling of Track on Khanewal-Raiwind Section were awarded with tentative quantities on the basis of the existing structures prior to the finalization of designs with a view to expedite completion of the project. The designs based on the said survey were finalized by design office subsequently. The quantities provided in such agreements were therefore, examined in consultation with relevant design and revised where required.

PAC DIRECTIVE

The PAC recommended the para for settlement.

**19) PARA NO. 1.6.6 PAGE NO. 193-AR-2009-10
IRREGULAR APPOINTMENT AND UNJUSTIFIED WITHDRAWAL OF PAY
AND ALLOWANCES AMOUNTING TO RS. 1.665 MILLION PER ANNUM**

The Audit pointed out that Establishment Division's U.O dated 27th July, 2002 provides that engagement of retired officers requires prior permission of

Government invariably. Rules further provide that no employee can be appointed on contract basis after attending the age of 65 years. Contrary to the above, various retired government officers were appointed without prior permission of the Establishment Division. Besides, some officers and officials were engaged even after attaining the age of 65 years. The payment on account of their pay and allowances was irregular.

The PAO apprised the Committee that appointment of retired officers was referred to Secretary Railway Islamabad and consequent upon receipt of approval of competent authority the posts were advertised through national news papers. The applicants were called for interview/test by the Principle Officer. All recruitments in the project were made after fulfillment of formal requirements after obtaining the approval of Ministry of Railway. DAC did not agree with the contention of management and directed to identify the persons responsible for not observing the rules while appointing retired government servants.

PAC DIRECTIVE

The PAC directed the PAO to take up the matter of regularization with Secretary Establishment Division under report to Audit/PAC.

**3. PARA 1.6 PAGE NO. 08 (AR 2009-10)
IRREGULAR RELEASE OF EDUCATION STIPEND – RS. 3.192 MILLION**

Audit pointed out that audit observed that a sum of Rs. 3,192,000 was released to 395 educational institutions without obtaining “MORA Scholarship” Form No. MORA-I (consists of request of the applicant, determination of Istehqaq by LZC concerned and recommendation of the MORA Scholarship Committee). Audit also noticed that the Principal F.G College for women, G-10/4 Islamabad was asked by IZUC to distribute the cheques among 392 Educational Institutions instead of issue of cheques directly to head of educational institution concerned. Thus, release of Zakat Fund of Rs. 3,192,000 was irregular.

The PAO apprised the Committee that all the record of educational institutions to whom social welfare re-habilitation grant was disbursed through crossed cheque was available with the Ministry which would be verified.

PAC DIRECTIVE:

The PAC recommended the para for settlement subject to verification of record by Audit within a week.

CROSSED CHEQUES**

Audit pointed out that Chairmen of 18 LZCs of IZUC disbursed Rs. 1.447 million during 2007-09 in cash / open cheques instead of crossed cheques to the beneficiaries, in violation of laid down procedure.

In the whole scheme, bank accounts of individuals are not opened due to which many problems were arising. However, where the accounts are available, the payments are made through crossed cheques. Generally the funds are transferred in the account of Local Zakat Chairmen who distributes the same himself.

NON-DEDUCTION OF RETENTION MONEY - RS. 11.79 MILLION

The Audit pointed out that according to Clause 42(2b) of the contract agreement between M/s Guarantee Engineers (Contractor) and executing agency (Lahore Garment City Company) under PSDP, retention money @ 5% of every bill

submitted by the contractor was to be deducted from each payment to the contractor. The retention money shall be payable in accordance with the certificate issued by the Engineer under clause (3)(b). Instead, the management accepted Insurance Bond submitted by the contractor for an equivalent amount, which was not admissible under the rules. It not only resulted in financial loss to the company but also put the project to high risk as the management lost the leverage to hold the contractor accountable for any discrepancy /failure after completion of work.

ACTIONABLE POINTS

Actionable points arising out from discussion of the of PAC meeting held on 19th April, 2016 under the convenership of Sardar Ashiq Hussain Gopang, MNA to examine the Audit Reports for the year 2009-10, pertaining to the **Ministry of Water & Power** are as under:

AUDIT REPORT FOR THE YEAR OF 2009-10

1. **PARA NO.1.1, PAGE NO. 15-16 AR 2009-10**
NON-TRANSPARENCY IN AWARD OF A CONTRACT VALUING RS. 2,439 MILLION

The Audit pointed out that at Raine Canal Project WAPDA Guddu, tenders for contract RC-6A were opened on April 10, 2008. The 1st and 2nd lowest bid prices were Rs.2,509.737 million and Rs.2, 591.496 million. As a result of negotiation, the 1st and 2nd lowest bidders brought their prices down to Rs.2, 471.632 million and Rs.2,545.187 million respectively. The reduced bids were considered higher. Therefore, second time negotiations were made with the 2nd lowest bidder only by ignoring the 1st lowest bidder who reduced his bid upto Rs. 2,439 million. Accordingly, the contract was awarded at the cost of Rs.2,439 million thereby reducing his bid by Rs.152.496 million. The above scenario had defeated the spirit of competitive bidding as the 1st lowest bidder might have reduced the bid amount by more than Rs.152.496 million if given an opportunity.

The PAO informed the Committee that the Audit was not satisfied with the inquiry conducted by WAPDA. There are three other paras of the same nature and their inquiry is being conducted by the Incharge of the Engineer Cell of NESPAK.

PAC DIRECTIVE

The PAC directed the PAO to finalize the inquiry and report to PAC/Audit within one month.

2. i. **PARA NO. 1.2, PAGE NO. 17-18, AR 2009-10**

- ii. **PARA NO. 1.3, PAGE 18-19, AR 2009-10**
EXTRA EXPENDITURE DUE TO IN-ORDINATE DELAY IN TERMINATING A CONTRACT RS. 798 MILLION

- iii. **PARA NO. 1.4, PAGE 19-20, AR 2009-10**
EXTRA EXPENDITURE DUE TO CONTRACT MISMANAGEMENT RS. 574.915 MILLION

PAC DIRECTIVE

The PAC referred the above mentioned 3 paras to DAC for consideration/reconciliation of record.

3. **PARA NO. 1.6, PAGE 21-22, AR 2009-10**
EXCESS PAYMENT ON ACCOUNT OF INSURANCE PREMIUM RS. 176.419 MILLION

The Audit pointed out that at Mangla Dam Raising Project lump sum provision of Rs.285.889 million was made in nine contracts on account of insurance premium against the insurance coverage which was paid to the contractors. The contractors paid an amount of Rs.109.470 million to the insurance companies by retaining Rs.176.419 million un-authorizedly. The retention of Rs.176.419 million was mainly due to lump sum provision of insurance charges instead of actual expenditure supported by vouchers. The excess amount paid worth Rs.176.419 million to the contractors needed to be recovered.

The PAO informed the Committee that contractor was paid lump sum amount and the contractor was not bound to get the insurance cover from NICL. The payment to Insurance Company was made with the approval of competent authority.

PAC DIRECTIVE

The PAC directed the PAO to issue a notice for the recovery of amount from the contractor otherwise black list the firm with a report to PAC/Audit.

4. **PARA NO. 1.8, PAGE NO. 23, AR 2009-10**
EMBEZZLEMENT/MISAPPROPRIATION OF MATERIAL RS. 1.500 MILLION

The Audit pointed out that in Resident Engineer Power Station Mangla Office, some Electrical and Mechanical store items worth Rs.1.500 million were misappropriated by the staff. The embezzled material needed to be made good from the responsible persons.

The PAO informed the committee that the case is subjudice in the court of law.

PAC DIRECTIVE

The PAC directed the PAO to pursue the case vigorously in the Court of Law.

5. PARA NO. 2.8, PAGE NO. 39-40, AR 2009-10

The Audit pointed out that in the office of the Chief Resident Representative WAPDA Karachi (CRRK), the demurrage committee in its meetings held on July 12, 2008, September 18, 2008 and February 19, 2009 decided that the supplier and WAPDA were responsible for demurrage charges of Rs.7.748 million and Rs.0.788 million respectively. Accordingly the amount of Rs.7.748 million was required to be recovered from suppliers and the responsibility for the loss of Rs.0.788 million was to be fixed. Similarly an amount of Rs.3.174 million on account of demurrage and detention charges against L/C No. ILC1242 566930906 dated December 4, 2006 was paid on December 4, 2006. Responsibility was needed to be fixed besides recovery of loss of Rs.3.174 million from the defaulters. The requisite action was not taken.

The PAO informed the committee that information is being from WAPDA, GENCO-II, GENCO-III, GAPCO, LASCO and its outcome will be shared with the committee.

6. PARA NO. 18.1, PAGE NO. 251-252, AR 2009-10
FORGERY IN SUKUK BONDS RS. 180 MILLION

The Audit pointed out that the WAPDA Bond Cell issued six (6) original physical certificates valuing Rs.180 million to the Swift Engineering Solutions (SES), in exchange of seventy two (72) forged/fake physical certificates worth Rs.180 million, without seeking confirmation from NFC, the bonafide/registered holder of the certificates. Later on SES sold/transferred the six original certificates of Rs.180 million to Meezan Islamic Income Fund (MIIF).

On complaint of NFC regarding short receipt of semi annual profit on Rs.180 million for the period ending on 22.04.2009, WAPDA stated that the short fall of profit was due to sale of 36,000 units of Sukuk worth Rs.180 million to SES by NFC vide their letter dated February 12, 2009. Thereupon NFC clarified that they had not sold the said certificates to any such company and their reference dated February 12,2009 was fake. Proper verification of Sukuk certificates was not made on both the occasions i.e. transfer of certificates to the fake company i.e. SES and further transfer to MIIF. Audit desired to report the fraud to the concerned federal agencies and take administrative action.

The PAO informed the committee that FIA is already conducting the inquiry in this case and probing the matter internally. The representative of FIA was present in the meeting and he was asked to provide report/requisite documents

of the case on 26-04-2016 which would be examined by the convener, Shaikh Rohale Asghar, MNA and Dr. Azra Fazal Pechuho, MNA and decision would be made accordingly.

On 26th April 2016 the convener examined the inquiry report of FIA on the above para. The committee was of the view that all concerned officer/officials might not be cross examined during the whole inquiry proceeding of the FIA. However, The director FIA briefed the committee regarding the issue of Sukuk Bond and stated that during investigation it was established that **Mohammad Naqi Riaz B & AO** Wapda was the master mind of the fraud. He alongwith his cousin Syed Ahsan Raza by impersonating themselves as Akhtar Saleem and Mohammad Fajid as CFO and owner respectively, established a fictitious firm M/s "SES". Syed Ahsan Raza as Mohammad Fajid opened Bank accounts in UBL & MCB, Main Market, Gulberg Branches, Lahore through which all the crime proceed was withdrawn through their employee Barat Ali.

After long trial for more than 03 years, Special Judge (Central) Lahore, convicted accused Riaz Ali Shah, Ahsan Abbas, Syed Mukkram Ali, Irfan Sohail (Banker) Muhammad Hummayun while acquitted Muhammad Saed Ran, Agha Ghazanfar Ali and Barat Ali. Similarly perpetual warrants against Muhammad Naqi Riaz and Ahsan Raza accused were issued. The main fraud was committed by Muhammad Naqi Riaz and Ahsan Raza while the above said convicted accused were their accomplices. It is also stated that Syed Riaz Hussain Shah was convicted U/s 409, 420, 468, 471 r/w 109 PPC for a maximum punishment of 35 years which are consecutive and not concurrent.

Anwar-ul-Haq General Manager was Incharge Wapda Finance Power Wing including additional responsibilities of Wapda Bond Cell, which was working under the supervision of Director, Wapda Bond Cell. He lodged complaint in FIA regarding Sukuk Bond Fraud. Fraudulent transfer of Sukuk Bond was made in March 2009 which was surfaced on 24-04-2009 on receipt of letter from NFC. Accordingly Wapda initiated departmental proceedings and penalized the above said Wapda officers.

It revealed that all concerned of the WAPDA regarding subject report were examined in inquiry process and every officer/official has been examined accordingly to his role. Mr. Anwar UI Haq and Mr. Muhammad Naqi were also examined in the proceeding of FIA. They were awarded punishment by their department as per record of FIA. **(Copy of FIA report attached)**.

No further inquiry required on the part of department by FIA. The case ensure recovery.

PAC DIRECTIVE

The PAC settled the para subject to verification of record by Audit.

7. PARA NO. 18.2, PAGE NO. 253-255, AR 2009-10
UNCOVERED RISKS IN THE SCHEME OF WAPDA SUKUK BONDS RS. 8
BILLION

The Audit pointed out that incorporation of WAPDA First Sukuk Company Limited was WAPDA's first ever experience to raise financing for its projects. This warranted serious deliberations on the risks involved. This new scheme should have been adopted taking extra care specially keeping in view the fact that WAPDA had successfully launched ten (10) series of conventional bonds over the last two decade. The foremost duty of WAPDA Bond Cell was that after proper risk analysis they should have chalked out detailed Standard Operating Procedures (SOPs) addressing the inherent and emerging risk factors, but no such SOPs were framed. In the absence of detailed SOPs it was the responsibility of the senior management of WAPDA to introduce sound internal checks to prevent fraud.

The PAO informed the Committee that SOP for issuance of sukuk bonds in future should be reviewed to avoid any such incident in future.

PAC DIRECTIVE

The PAC directed the PAO to hold fresh DAC and examine the present system of issuing bond and report to PAC/Audit within 15 days.

8. PARA NO. 18.3, PAGE NO. 255-256, AR 2009-10
LOSS ON ACCOUNT OF DOUBLE PAYMENT OF PROFIT (A RECURRING
LOSS) RS. 13.641 MILLION

The Audit pointed out that the WAPDA First Sukuk Company Limited issued the schedule for 7th Ijara Rental Payment for the period ending on April 22, 2009 which showed holding of Sukuk units/ certificates by NFC and CDC Trustee Meezan Islamic Income Fund (MIIF) NFC vide their reference dated April 24, 2009 objected this schedule and clarified that they held investment of Rs.750 million instead of Rs.570 million.

Actually the short receipt of profit of Rs.13.641 million by NFC was owing to fraudulent act of Swift Engineering Solutions (SES) which got transfer / registration of forged 72 physical Sukuk certificates worth Rs.180 million and sold to the CDC Trustee MIIF after having their convertibility into 6 physical certificates of the denomination of Rs.30 million each. Upon clarification from NFC regarding non-transferability to any such company, WAPDA also made provisional payment of Rs.13.641 million to NFC against investment of Rs.180 million already paid to the CDC Trustee MIIF. This double payment of Rs.13.641 million was held irregular which is likely to have recurrence in the remaining seven (7) periods of rentals (payment of profit).

The PAO informed the committee that no payment has been made and we will discuss the issue with audit in DAC. He also stated that the matter is subjudice. The profit accrued is being deposited in the bank instead of being given to the parties concerned.

PAC DIRECTIVE

The PAC directed the PAO to pursue the case vigorously in the court of law.

9. **PARA NO. 18.4, PAGE NO. 257-258, AR 2009-10**
NON-APPLICATION OF SECURITY CHECKS FOR DETERMINATION OF
GENUINENESS OF SUKUK CERTIFICATES

The Audit pointed out that Pakistan Security Printing Corporation (Pvt.) Ltd. to check the genuineness of the Sukuk certificates was a marker. Audit observed that this marker was not used by the WAPDA Bond Cell, as a result the fake certificates could not be detected. The failure of WAPDA Bond Cell to use the marker needs to be investigated.

The PAO informed the committee that WAPDA has devised a mechanism to deal with the transfer request in future to insure that transfer of sukuk is made genuinely. WAPDA has made efforts to raise future sukuk bonds to be maintained on CDC.

PAC DIRECTIVE

The PAC settled the para and directed the PAO to confirm the fool proof security measures in the issuance of security bonds in future.

GENCO-I

10. **PARA NO. 3.7, PAGE NO. 50, AR 2009-10**
LOSS DUE TO EXCESS RATE ALLOWED TO SUPPLIERS RS. 54.847
MILLION

The Audit pointed out that in Jamshoro Power Generation Company (GENCO-I) quotations for purchase of furnace oil were called for on fortnightly basis and the purchase orders issued to 2 to 3 suppliers at the negotiated uniform rates. But in the cases of thirteen (13) fortnights during 2008-09, the management could not bring uniformity in rates between suppliers. M/s PSO was allowed excess rates than those of M/s PARCO and Attock Petroleum Limited (APL). Resultantly, an excess amount of Rs. 54.847 million was paid against purchased quantity of oil from PSO.

The CEO GENCO apprised the committee that the rate of Attock Oil Company was less than the other companies but he could not meet the quantity required to

GENCO. Due to this oil was purchased from PSO on higher rates on credit basis. He also stated that the Government has bound the GENCO to purchase oil from PSO for the generation of electricity.

PAC DIRECTIVE

The PAC settled the para subject to verification of record by Audit with report to PAC/Audit.

GENCO-I

11. **PARA NO. 3.8, PAGE NO. 50-51, AR 2009-10**
LOSS DUE TO PURCHASE OF FURNACE OIL AT HIGHER RATE - RS. 7.795
MILLION

The Audit pointed out that in GENCO-I Jamshoro, PSO supplied 10,731.659 Metric Ton (MT) furnace oil against the ordered quantity of 15,000 MT in the purchase order for the 1st fortnight of January, 2009. The quantity of short supply was 4,268.34 MT which was 28.46% of the quantity of purchase order. After deduction of acceptable variation of 10%, the remaining 18.46% involving short supply of 3,841.51 MT was not completed.

Similarly, TOTAL, PARCO also made short supplies of 1,458.161 MT. In both the cases, extra expenditure of Rs. 7.795 million (Rs. 6.843 million + Rs. 0.952 million) million was incurred due to increase in rates of furnace oil by Rs. 2,342.04 MT in one case and by Rs. 1,202.72 per MT in other case of succeeding fortnight purchase orders. This extra expenditure was loss to the company due to the reason that there was no provision of penalty for short supply in the purchase order.

The CEO GENCO explained that the procurement of furnace oil on fortnightly basis is carried out. Some companies claim surcharges on daily payments which is a regular feature.

PAC DIRECTIVE

The PAC endorsed the Audit observation that management of GENCOs as well as the Oil Supply Companies to ensure that the ordered quantities are supplied at the rates agreed in Pos upto the ± 10 % of permissible limit irrespective of the fact whether the rates in subsequent fortnight/pos increase or decrease.

GENCO-II

12. **PARA NO. 4.7, PAGE NO. 60-61, AR 2009-10**
LOSS DUE TO CONSUMPTION OF EXCESS HEAT RATE PER KWH FROM
THE STANDARDS FIXED BY NEPRA RS. 1, 145.704 MILLION

The Audit pointed out that NEPRA in its decision in case No. NEPRA/TRF-44/CPGCL-2005 has fixed plant Heat Rates standards to produce electricity per kWh for Thermal Power Station Guddu. In Northern Power Generation Company Limited it was observed from the Efficiency Form of Thermal Power Station Guddu for the period 2008-09 that Company did not generate its output as per standards of plant Heat Rate fixed by NEPRA. This had caused a loss of Rs. 1,145.704 million in the shape of excess fuel consumption.

The CEO GENCO informed the Committee that the work of re-habilitation of units is under process and will be completed till June 2016. The re-habilitation of units is carried out after every four years. We have installed two new units and have achieved the required heat rate for the generation of electricity.

PAC DIRECTIVE

The PAC settled the para subject to the verification of record by Audit.

FRAUDULENT DEPUTATION OF AN ASSISTANT (BPS-16) AS DIRECTOR
(BPS-19) RS. 2.915 MILLION

The Audit pointed out that an office Assistant (BPS-16) of City District Government Karachi fraudulently availed deputation as Director Public Relation (BPS-19) in Chief Resident Representative, Karachi (CRRK) for a period of 3-years i.e. January 7, 2006 to January 6, 2009 and in HESCO WAPDA from February 18, 2009 to July 13, 2009 on production of fake and bogus letter/documents. During the period of deputation the official received Rs. 2.915 million on account of pay and allowances. The deputation was maneuvered fraudulently as such the amount of Rs. 2.915 million needs to be recovered besides taking legal and disciplinary action through the parent department.

The HESCO chief informed the Committee that the person got induction in BS-19 on fake documents and served for 3 ½ years. HESCO has already terminated his services and has no concern for regularization of his deputation which was got approved fraudulently.

PAC DIRECTIVE

The PAC pended the para and directed the FIA to submit the inquiry report to PAC/Audit.

14. PARA NO. 10.17, PAGE NO. 137, AR 2009-10
NON-RECOVERY OF SHORTAGE OF MATERIAL RS. 7.904 MILLION

The Audit pointed out that in HESCO the recovery of Rs. 7.904 million was imposed on a Senior Store Keeper on account of shortage of material. Appropriate action, however, was not taken to recover the amount.

The PAO informed the committee that the person was appointed on deputation in our department and his case was referred to us for deduction and more than Rs.800/- is being deducted monthly.

PAC DIRECTIVE

The PAC directed the PAO to investigate all cases of misappropriation and report to PAC/Audit within one month.

15. MEPCO
PARA NO. 12.18, PAGE NO. 166-167, AR 2009-10
EXTRA EXPENDITURE DUE TO RE-TENDERING RS. 1.713 MILLION

The Audit pointed out that in LESCO, tender No. 799 for purchase of 5,000 pairs of insulated gloves was opened on March 24, 2008, five suppliers participated. M/s Continental Trading Corporation offered the lowest bid at the unit rate of Rs. 1,490/-. The tender was scraped and a fresh tender No. 853 was invited and opened on September 20, 2008 wherein only M/s Continental participated with new rate of Rs. 1,864/- per unit. After negotiation, Purchase order No. 2790 dated December 6, 2008 was issued for supply of 5,000 pairs @ Rs. 1,764/- per unit. The quantity was also increased by 25% for supply of additional 1,250 pairs with total cost of Rs. 11.025 million. Resultantly, MEPCO incurred extra expenditure of Rs. 1.713 million due to re-tendering which needs to be justified.

The CEO MEPCO informed the committee that primarily this is our law and there is no need for it's justification in PEPPRA rules. The tender under which the bid guarantees were sought has been scraped and when the tender was floated again just on bidder (lowest bidder III) made the offer. In the meanwhile the dollar appreciated Viz-a-Viz Pak Rupees. We have only 120 days and if there is only one bidder we have to accept his bid.

PAC DIRECTIVE

The PAC pended the para and directed the PAO to hold a departmental inquiry into the matter and report to PAC/Audit within one month.

The Audit pointed out that in MEPCO, Purchase Order dated 12.12.2006 was issued to M/s Akhtar Enterprises for the supply of 21,000 Disc Insulators valuing Rs.13.741 million. Its delivery was to be completed within 150 days from the date of issuance of purchase order. Despite lapse of about 2 years and 10 months, neither the supplier delivered the material nor his performance bond valuing Rs.1.374 million was forfeited as required under the clause-15-A (i) despite the fact that C.E.O MEPCO accorded approval for its cancellation with forfeiture of performance bond.

The CEO MEPCO informed the committee that audit has recommended it on the grounds that there is no bad intention involved the MD has waved it off. The findings of the inquiry committee were also shared with audit.

PAC DIRECTIVE

The PAC settled the para subject to satisfaction of Audit on the findings of inquiry report.

The Audit pointed out that in PESCO, Peshawar M/s Elahi Flour Mill was disconnected permanently on August 23, 2001 due to outstanding dues of Rs. 220,736/-. The mill remained closed for more than 6 years. The mill was re-energized under incentive policy vide RCO No. 23 dated 31.05.2008 without recovering the cost of material. The consumer applied for re-connection after six years. He was not entitled to incentive policy. As such capital cost of Rs. 1.247 million needs to be recovered.

The PAO stated that transformer could not be removed due to reason that it was locked within the compound by the consumer inside the main building since long. The premises was permanently locked.

PAC DIRECTIVE

The PAC pended the para and directed the PAO to discuss the case in DAC and record be verified from the Audit.

The Audit pointed out that in LESCO, tender No. 799 for purchase of 5,000 pairs of insulated gloves was opened on March 24, 2008, five suppliers participated. M/s Continental Trading Corporation offered the lowest bid at the unit rate of Rs. 1,490/-. After negotiation, Purchase order No. 2790 dated December 6, 2008 was issued for supply of 5,000 pairs @ Rs. 1,764/- per unit. NATIONAL ASSEMBLY SECRETARIAT

(Public Accounts Committee)

ACTIONABLE POINTS

Actionable points arising out from discussion of the meeting of the PAC held on 14th March, 2017, under the Convenership of Sardar Ashiq Hussain Gopang, MNA, during examination of the Audit Report for the year 2009-10 pertaining to the Ministry of Water & Power are as under:

AUDIT REPORT FOR THE YEAR 2009-10 **DIRECTOR GENERAL, AUDIT WAPDA, LAHORE**

WAPDA

1) **PARA NO.1.1 PAGE NO.15-16 AUDIT REPORT (2009-10)**
NON-TRANSPARENCY IN AWARD OF A CONTRACT VALUING RS.2,439
MILLION

Audit pointed out that at Rainee Canal Project WAPDA Guddu, tenders for contract RC-6A were opened on April 10, 2008. The 1st and 2nd lowest bid prices were Rs. 2,509.737 million and Rs. 2,591.496 million. As a result of negotiation the 1st and 2nd lowest bidders brought their prices down to Rs. 2,471.632 million and Rs. 2,545.187 million respectively. The reduced bids were considered higher. Therefore, second time negotiations were made with the 2nd lowest bidder only by ignoring the 1st lowest bidder who reduced his bid upto Rs. 2,439 million. Accordingly, the contract was awarded at the cost of Rs. 2,439 million thereby reducing his bid by Rs. 152.496 million. The above scenario had defeated the spirit of competitive bidding as the 1st lowest bidder might have reduced the bid amount by more than Rs. 152.496 million if given an opportunity.

PAC DIRECTIVES DATED 19.04.2016

PAO informed the committee that the Audit was not satisfied with the inquiry conducted by WAPDA. There are three paras of the same nature and their inquiry is being conducted by the in charge of Engineer Cell of NESPAK. The PAC directed the PAO to finalize the inquiry and report to PAC/Audit within one month.

The Management apprised the Committee that contract was awarded to the 2nd lowest bidder as the 1st lowest bidder has refused to reduce his bid during the 2nd negotiation whereas, the 2nd lowest bidder M/s Ramzan has further reduced his big upto Rs. 2439 Million which was 32 Million below the bid of first lowest i.e Rs. 2471.632 Million. DG NESPAK had also held an inquiry into the matter. As per the conclusion of that inquiry, the accorded approval for negotiation apparently against the provision of PEPPRA 2004, however, the facts indicates that the

actions in respect of this awarded were in the national and project interests, as the works were completed within the scheduled time.

PAC DIRECTIVE

The PAC directed the PAO to hold an inquiry in the matter, fix responsibility and submit report to PAC/Audit within 60 days.

2) **PARANO.1.2 PAGE NO.17-18 AUDIT REPORT (2009-10)**
EXTRA EXPENDITURE DUE TO NON INCLUSION OF CLAUSE OF RISK
AND COST IN THE CONTRACT RS.2, 340.839 MILLION

Audit pointed out that at Rainee Canal Project Guddu, contracts RC-2, RC-3, RC-5 and RC-6 valuing Rs. 1,988.262 million were awarded to a contractor M/s S. H. Haq Noor & Co during 2004-05. Due to slow pace of work, the contractor could only carry out the works valuing Rs. 762.102 million out of Rs. 1,988.262 million upto the extended period i.e. December, 2007. Resultantly these four contracts were terminated by the Employer under clause 63.1 of contracts. The remaining works valuing Rs. 1,272.161 million were grouped into two contracts i.e. RC-5A (remaining works of RC-2, RC-3 and RC-5) and RC-6A (remaining works of RC-6) and awarded to another contractor in June, 2008 at a cost of Rs. 4,329 million (RC-5A 1,890 + RC-6A 2,439) which was in excess of Rs. 3,056.839 million as compared to the cost of the original contracts. The excess cost could not be recovered from the earlier contractor due to non inclusion of 'risk and cost' clause in the terms of contract.

PAC DIRECTIVES DATED 19.04.2016

The PAC referred the para to DAC for consideration/reconciliation of record.

The management apprised the Committee that the clause of risk & cost was included in the original Contract, the Decision of the Authority to get the remaining works done through fresh award of contracts rather than at the risk & cost of the present contractors cost was in the best interest of the Project work, due to sad demise of the Contract and the fact that termination of the Contract was challenged in the court of law. Hence the Authority had decided through out of court amicable settlement, in which the Contractor has withdrawn all his pending claims of Rs. 720 Million & court case also etc. there was the only way out to complete the remaining abandoned works of the project. Therefore in the consequences of the aforesaid amicable settlement, project authorities were able to complete the remaining abandoned scatted work.

The PAO informed the Committee that in order to further investigate the matter, an inquiry committee under the chairmanship of Additional Secretary, M/o Water & Power, has been constituted. The said committee would finalize its recommendation in 60 days.

PAC DIRECTIVE

The PAC directed the PAO to finalize inquiry report within stipulated period of 60 days, the PAO was directed to fix responsibility against all those found involved, a copy of the report should also be provided to the PAC/Audit.

3) **PARANO.1.3 PAGE NO.18-19 AUDIT REPORT (2009-10)**
EXTRA EXPENDITURE DUE TO IN-ORDINATE DELAY IN TERMINATING A CONTRACT RS.798 MILLION

Audit pointed out that at Mangla Dam Raising Project, a contract for the construction of Bridge over River Jhelum at Dhangali was awarded to a contractor on May 18, 2004 at a cost of Rs. 214.335 million with the completion period of three years i.e. upto May 25, 2007. However, only 14% work was done in four years (May, 2004 to April, 2008). The employer terminated the contract on April 3, 2008 after delay of about three years. Subsequently, the work was awarded to another contractor on November 1, 2008 at a contract price of Rs. 1,012.365 million which was in excess of Rs. 798 million of the original contract. The excess expenditure was due to delay in termination of contract. Moreover, the excess expenditure could not be recovered from the defaulting contractor due to non-inclusion of 'risk and cost' clause in the contracts.

PAC DIRECTIVES DATED 19.04.2016

The PAC referred the para to DAC for consideration/reconciliation of record.

The management apprised the Committee that the extra remaining work done cost as WAPDA burden is of Rs. 745 million. Risk & Cost amount is worked out after completion of re-awarded contract. WAPDA Authority has approved Final Payment Certificate and discharge of contract for Shangali Bridge on 27th January, 2016. The Engineer (MD NESPAK) finally certified the whole contract on 15-03-2016. Moreover, an inquiry into the matter regarding delay in termination of contract be also conducted to fix the responsibility against the delinquents under intimation to this office.

PAC DIRECTIVE

The PAC directed the management to recover the amount from the contractor within 60 days under report to the PAC/Audit. The PAO was, however, directed to fix responsibility against all those involved in this negligence and submit report to the PAC/Audit.

4) **PARA NO.1.4 PAGE NO.19-20 AUDIT REPORT (2009-10)**
EXTRA EXPENDITURE DUE TO CONTRACT MISMANAGEMENT RS.574.915 MILLION

Audit pointed out that at Rainee Canal Project WAPDA Guddu, tenders for 2 contracts RC-5A and RC-6A were invited on April 10, 2008. In bidding of contract RC-6A, four bidders participated. As a result of negotiation with the lowest bidder, contract was awarded at contract price of Rs. 2,439 million i.e 78.56% above the engineer's estimate. In RC-5A, only single bidder (the first lowest bidder in contract RC-6A) participated in the bidding. The work was awarded to him at contract price Rs. 1,890 million i.e. 156.62% above the engineer's estimate instead of bringing his bid at par with the RC-6A. The contractor, time, site and nature of work was almost the same hence the acceptance of higher bid by 78.06% involving an amount of Rs. 574.915 million in contract RC-5A amounts to extending undue favour to the contractor and disregarding norms of good contract management and transparency.

PAC DIRECTIVES DATED 19.04.2016

The PAC referred the para to DAC for consideration/reconciliation of record.

The management apprised the Committee that an inquiry committee under the chairmanship of DG Contracts NESPAK was appointed as Inquiry officer by the Ministry to look into irregularities mentioned in the Audit paras.

PAC DIRECTIVE

The PAC pended the para and directed the PAO to inquire the matter personally, fix responsibility and submit comprehensive report to PAC/Audit within sixty days.

5) PARANO.2.8 PAGE NO.39-40 AUDIT REPORT (2009-10) NON-RECOVERY OF DEMURRAGE CHARGES RS.11.530 MILLION

Audit pointed out that at in the office of the Chief Resident Representative WAPDA Karachi (CRRK), the demurrage committee in its meetings held on July 12, 2008, September 18, 2008 and February 19, 2009 decided that the supplier and WAPDA were responsible for demurrage charges of Rs.7.748 million and Rs.0.788 million respectively. Accordingly the amount of Rs.7.748 million was required to be recovered from suppliers and the responsibility for the loss of Rs.0.788 million was to be fixed. Similarly an amount of Rs.3.174 million on account of demurrage and detention charges against L/C No. ILC1242 566930906 dated December 4, 2006 was paid on December 4, 2006. Responsibility was needed to be fixed besides recovery of loss of Rs.3.174 million from the defaulters. The requisite action was not taken.

PAC DIRECTIVES DATED 19.04.2016

The PAC directed the PAO to reconcile the record and report to PAC/Audit within 15 days.

The management apprised the Committee that the NAB helped in the recovery of Rs. 6.8 Million and also informed that a Committee has already been constituted within the NTDC. The representative of NTDC informed that an amount of Rs. 3.17 Million is still under the process of recovery.

PAC DIRECTIVE

The PAC directed the PAO to make efforts for the full recovery with a report to PAC/Audit.

6) **PARANO.18.2 PAGE NO.253-255 AUDIT REPORT (2009-10)**
UNCOVERED RISKS IN THE SCHEME OF WAPDA SUKUK BONDS RS.8 BILLION

Audit pointed out that at incorporation of WAPDA First Sukuk Company Limited was WAPDA's first ever experience to raise financing for its projects. This warranted serious deliberations on the risks involved. This scheme should have been adopted taking extra care specially keeping in view the fact that WAPDA had successfully launched ten (10) series of conventional bonds over the last two decade. The foremost duty of WAPDA Bond Cell was to chalked out detailed Standard Operating Procedures (SOPs) addressing the inherent and emerging risk factors. In the absence of detailed SOPs it was the responsibility of the senior management of WAPDA to introduce sound internal checks to prevent fraud. However the following risk factors were not appropriately addressed resulting a fraud in WAPDA Bond Cell.

PAC DIRECTIVES DATED 19.04.2016

The PAC directed the PAO to hold fresh DAC and examine the present system of issuing bond and report to PAC/Audit within 15 days.

The management apprised the Committee that WAPDA has now approved composition of Board of Directors of SUKUK Company by designation and is conducting regular internal as well as commercial audit of SUKUK Company. Moreover, a commercial professional trustee for SUKUK has been appointed to handle the business of Trustee and Paying agent.

PAC DIRECTIVE

The PAC recommended the para for settlement.
