## STATEMENT OF OBJECTS AND REASONS

Fiscal Responsibility and Debt Limitation (FRDL) Act, 2005 (as amended upto 2022), provides for reduction of federal fiscal deficit and ratio of public debt to Gross Domestic Product (GDP) to a prudent level through effective public debt management.

The Debt Management Office (DMO) has been established under the Act *ibid* and has historically operated as small establishment. DMO, *inter-alia*, provides critical support to stakeholders. In order to elaborate its scope, enhance its empowerment and provide plausible framework for the DMO's anticipated future expansion, an amendment is required.

The proposed amendment seeks to strengthen the DMO by providing necessary resources for the effective planning and execution of the Government's debt management functions.
