

## RESOLUTION

09-05-22

“This House strongly condemns the recent statement by PTI Chairman and former Prime Minister of Pakistan where he twisted historical facts to malign the armed forces of the country by giving an impression that they were conspiring against the country. Pakistan Security Forces are defending our borders fearlessly and have given countless sacrifices while defending the country against the scourge of terrorism. Any attempt to malign a State institution for political gains is a disservice to Pakistan.”
